SCORING	
G	A goal should be credited to the player who shot the ball, scoring a goal for his own team.
ASST	Any one direct pass by a player to a teammate who then scores a goal without having to dodge or evade an opponent , other than the goalkeeper who is in the crease, is recorded as an assist. There can be only one assist on any goal scored.
SOG	A ball propelled toward the goal by an offensive player, either by being thrown from a crosse, kicked or otherwise physically directed. A shot can be awarded only when possession of the ball can be reasonably said to have occurred. A shot that hits the pipe is not a shot on goal.
FIELDING	
GB	Any ball not in the possession of one team that comes into the possession of the other team in live-ball play can be a ground ball. This may occur on an intercepted pass (the ball does not have to hit the ground) or from a ball checked loose onto the ground. Further, the ball must be obtained under pressure (another opposing player must be within 5 yards of the loose ball). When such a ground ball is obtained, the player gaining the ground ball must be able to perform immediately the normal functions of possession (shoot, pass, cradle). Should any of these conditions not be met, a ground ball may not be awarded. A player cannot drop the ball of his own volition, pick it up again, and be credited with a ground ball. Ground balls should be awarded as part of the faceoff play; however, a ground ball is not always awarded when an official signals possession on a faceoff play, since his definition of possession does not rise to the standard of that of a ground ball.
INT	An interception is any ball that is intercepted by opposing team and causes a change of possession.
TA	A take away is credited to a player when the player's positive, aggressive action(s) causes a turnover. A turnover may not always warrant a caused turnover; however, caused turnovers can only be awarded to an individual player, and only one caused turnover can be awarded for a turnover. There cannot be more caused turnovers than turnovers. Any turnover charged as a team turnover cannot have a corresponding caused turnover.
UE	An unforced error shall be charged to a player for a reasonable pass attempt that is dropped and turned over as well as errant pass attempt that turns the ball over to opposing team. For a change of possession that occurs that cannot be attributed to a particular player at the moment of the violation, the turnover should be charged as a team turnover.
FACE OFFS	
FW	Credit the faceoff to the team that gains clear possession of the ball and can perform the normal functions of the possession.
FA	All face offs attempted
PENALTIES	
P	A player called for a penalty which includes time served. Push with out possession does NOT count as recorded penalty.
CLEARS	
Clear Opportunity	The attempt by one team to move the ball from its defensive end of the field into its offensive end of the field. A clear fails when this attempt is unsuccessful. A failure to clear should not be recorded when the defending team fails to clear when it is playing extra-man defense. A failure to advance penalty should be charged as a team turnover.
Clear Made	When a team has possession of the ball behind its defensive restraining line to the offensive attack area. A successful clearing attempt involves the team establishing possession in its off ensive box before the other team gains possession. A successful clear should be awarded only when the clearing team crossed the center line and advances to the box with the ball and is clearly able to initiate an offensive attempt from the play. Advancing the ball across the center line does not automatically mean a clear should be awarded if the clearing team loses possession of the ball almost immediately.
GOAL TENDING	
Goals Against	Goals made against goal tender
Saves	The basic rule of a save is that any time a ball is stopped or deflected with any part of the goalie's body or stick, which if not stopped or deflected would have resulted in the ball entering the goal, a save is recorded.
