

MINNETONKA BASEBALL ASSOCIATION

Rain Cancellation Policy

- Each MBA HOME GAME FIELD status will be listed on the upper right hand corner on the MBA website (www.minnetonkabaseball.org).
 - **GREEN (Open)** – Games will be played, any game cancellations will be made at the field.
 - **YELLOW (TBD)** – Field conditions are being assessed for playability. Prior games may have been cancelled but unless you receive an email stating your game is cancelled you should assume it will be played.
 - **RED (Closed)** – Field is closed for the day. Cancellation notices will be emailed.
- The League will notify teams via email if GAMES are cancelled.
 - If no email message is generated, proceed to the field assuming games will be played. There is potential for a game to be cancelled at the field.
- Even if other sports (i.e. soccer/softball) cancel their games, assume baseball is still playing unless you receive an email stating your game is cancelled.
- If cities close parks on their website, assume baseball games will be played unless you receive an email stating your game is cancelled.
- Games canceled by the league will be rescheduled by the League Scheduler. This applies to Minors 8's and above. **Please note these games MAY be rescheduled later the same day.** The League Scheduler will assist Rookie – Minor 7 coaches to coordinate a field if they want to reschedule a game.
- Coaches are not allowed to cancel/postpone games without League approval on fields where we have concession stands, field crew, or umpires (Bennett/ Cathcart/ Excelsior/ Freeman/Manitou) are used. The exception to this rule is storms that arrive just prior or after the start of game.
- PRACTICES will NOT be cancelled by the league, unless a city (i.e. Chanhassen) closes all fields. Practices will be at the discretion of the head coach. If practices need to be cancelled, you will receive an email.
