

## East Granby Little League Volunteer Completion

By completion of this form a family will be reimbursed the family volunteer fee. Each family will be responsible for **6 volunteer hours** to receive a refund. **At least two hours must be served in the snack shack** unless listed as an exception on the volunteer information page . *Please be aware that fulfilling this requirement may not complete all the necessary volunteer time for your individual team* as adult coordinators or umpires, field prep before and after a game, and concessions staffing may be needed and will be coordinated by each teams parent manager.

Some acceptable activities include running the snack shack for a game, performing duties as either umpire or adult coordinator for a game, prepping the field before and after a game, working a time slot on opening day or any other organized league function. Other activities can be found on EGLL website under the volunteer tab.

Date	Name of person performing	Activity performed	Hours	Approval (Manager/Coach/board member)
