

## **Instructions for Youth Tackle Coach Certification or Recertification with USA Football**

USA Football is no longer using promo codes. Coaches will receive the discount when they properly associate with WYF. They can either do this by manually searching for the program in the My Organization Field or by using the link.

The link will take them directly to [usafootball.com](https://usafootball.com) to the log in screen and autofill the name of the program (Wilton Youth Football League).

**The course is now called Youth Tackle Coach Certification or Youth Tackle Coach Recertification.**

- Coaches that completed the certification last year, will be eligible for the recertification and this will already be on their Dashboard.
- The Dashboard link is: <https://usafootball.com/dashboard>
