8. New Business

a) Evaluations - Dates and times set up soon and it will be week nights. There will be an evaluation committee meeting on drills and how things are run within the evaluation. Evaluations will be March 19-23.

An email will be sent out to the coaches to make sure no teams have any issues on those dates for evaluations like tournaments, etc. Lani will be getting the registration up to allow at least two weeks for families

to register. Possibly coding mite players by color for evaluations. Mini mites vs mites but this will be talked about further. Everyone should really evaluate their players and make sure they do this. Possibility

of Bantams have longer evaluation time doing scrimmages. Is it possible to have more effort put into goalie evaluations as well. Randy Hevey possibly help evaluate goalies during evaluation week.

9. Anything else: Minim mites should definitely be using the horn. You can have a peanut run the horn and you can get it from the office. This should be brought up at the GSL level that someone needs to be there to blow the horn.
