

Parents:

We hope this email finds you and your families all doing OK in light of the events of the past few weeks. We wanted to let you know that Little League International has recommended that all Baseball and Softball Programs should Temporarily Suspend All Activities through at least April 6th.

Weston Little League Baseball and Softball will follow this recommendation.

What does this mean?

All Baseball Clinics at DC Baseball Academy will be suspended until at least April 6th. While the facility is still open and you should feel free to contact them for individual or small group practice. DC Baseball Academy - 508-254-0767. We will be providing an "adjustment" to the registration fee. Stay tuned.

All Indoor and Outdoor Practices are suspended until April 6th.

Our Spring Season is scheduled to begin on April 27th. As of today, we are expecting the Season to proceed without any changes.

Stay well.

Hank Lawlor
President
Weston Little League
