No Joke Skills Camp With Steve Fairchild. Steve is arguably the best QB coach in the state. He is in high demand and often times is still called on by NFL coaches/ agents to prepare top draft picks for the NFL. He serves on many advisory committees for both college and NFL. Steve has worked with the very best QB/RB/ WR in the league and was highly instrumental in developing players like Kurt Warner and Philip Rivers. Steve has been coaching college and professional players for over 40 years in many different positions. Steve has served roles such as head coach (CSU Rams), offensive coordinator (NFL), QB/RB/WR (NFL/NCAA) coach as well as many others, he still advises QB talent to teams in the spring league.

This camp is for all skilled players or those that are thinking of these positions in high school. It is limited to 20 per session. You get three sessions spread out through the month and each session is 1:15 long. This is to allow you time in between sessions to apply and practice, also allows you to get any questions answered after practicing at home. Cost is \$50 for each player and a discount is given if you sign up for multiple sessions. Sessions may have guest appearances from current to former NFL players.

For your convenience, we are offering two sessions per day sign up for one or both if time allows.
