# CANTON AKRON HOCKEY ASSOCIATION

Dear Potential Supporter,

The Canton-Akron Hockey Association is a non-profit association that was established with the primary goal of promoting participation, education and interest in amateur ice hockey in Northeast Ohio.

The organization's goal is to provide the opportunity and means for as many young people as possible to play organized youth hockey in a safe and healthy environment. Our programs are designed to develop individual self-esteem and sportsmanship among its members through quality coaching, instruction and administrative operations. All participants are encouraged to develop their skills from basic instruction to preparation for high school and elite levels of the sport. But most important our organization is a place where young children can have fun and build memories to last a life time.

We are raising money for equipment upgrades and replacements for our organization. The total cost of this plan is \$9,500.00. We are hoping that sponsors like you can help fund our goal for the upcoming season and making our 2017/18 season a wonderful success. Corporate donors will be featured as our sponsors in our rink.

Our non-profit tax ID number is 34-1916116. We thank you for your generosity and your help to make the 2017/18 hockey season a success for all the Canton-Akron Hockey Association players.

Thank you in advance for your consideration.
