

Camp Objectives and Goals:

Teach players the proper fundamentals in 4 main areas of the game: throwing, base running, fielding, hitting. Have each player leave each day with a clear understanding of the proper fundamentals in these 4 main areas of the game, and better prepared to implement them in their games.

Camp Instruction Format:

As coaches we will teach proper mechanics and fundamentals that will scale at the higher levels of baseball. Proper "baseball actions" give young players the best chance to succeed and avoid injury, as well as allow them to reach their full potential as they develop both physically and mentally. Each day will consist of a structured approach to teaching the fundamentals as well as "live" situations where players can put what they've learned into play.
