Time for Football

2016 SEASON

TO ALL OUR REGISTERED PARENTS & PLAYERS

As part of our "Play it Safe" initiative we have partnered with Dr. Gillian Hotz and SportzSafe.

The SportzSafe team has created an online video game designed to educate our youth players and their parents about safer play.

This game supports every state's Youth Concussion Legislation of assisting coaches in educating parents and players about concussion management.

The game includes:

Equipment fitting, Sportsmanship, Tackling Techniques, Getting Ready for Game Day, and Concussion Recognition and Reporting.

We recommend that you please take advantage of this educational opportunity and sign up **NOW** to play **Time for Football** with your kids before our first practice!

Look for this banner on your leagues or teams website to order the game, OR go to: www.SportzSafe.com
