

MNLL Majors and Minors AAA Baseball game results and pitch counts will be recorded on the mnll.org website. Managers and coaches will each be given a log in and password to input their teams results. It is expected that game results will be recorded into the web within 48 hours of game completion. In the event that pitch counts can't be recorded into the website, managers should be prepared to provide a hard copy Pitching Eligibility Tracking Form report to the opposing coach prior to each game.

A blank copy of the "Pitching Eligibility Tracking Form" can be found at:

6. You will then see your teams games that do not have results entered. Fill in the applicable scores. Note - If your opposing manager has already filled in the scores you will not see that game listed.

## Result Entry Form

---

NOTE: This form is intended primarily for entering multiple game results at one time. If you need to enter a score for a single game and would also like to enter commentary, or you would like to amend a previously entered score, you should instead use the **Results** page for your team. Each game is listed there and when logged in as a team manager or administrator, there is an edit icon  to the right of each game that you can click to enter or edit the results.
