

## ***Charlestown Play Date***

***3.29.2015***

Thank you for committing to attend the MBGLL – EMWLUA youth play date on March 29, 2015 at the Charlestown High School Fields. This is a terrific opportunity for your teams to experience some pre-season playing time. It is also a wonderful opportunity for the umpires to practice officiating youth games prior to the start of our season.

You'll notice that your team is scheduled to play three or four games on Sunday afternoon. Please make sure to arrive in Charlestown early and be ready to take the field on time. Games last 25 minutes and there are only 5 minutes between games. Play will start and stop on a centralized horn schedule.

When you arrive at the field, only the coach needs to check in at the registration table. You'll notice a white board at the registration table that will have the schedule posted and the teams that have checked in. **Please double-check your game schedule when you arrive in Charlestown.**

***We need your help. Many hands make light work.***

The bathrooms will be unlocked for the afternoon. Please make sure to help keep the facilities clean so that we are permitted to use them again. Specifically, this means that we must keep all garbage off of the floors. Your help in patrolling the bathrooms is greatly appreciated.

All teams are responsible for cleaning up their own garbage on the fields and in the viewing areas. Please help to keep the site clean, as we are guests and it was difficult to secure the permit for the fields. MBGLL would like to use the facility again for future events.

If your team is scheduled for an 11 am game, please arrive early to help pull the goals out of the white shed and put them on the fields.

If your team is scheduled for a 5:32p to 5:55p game, your team is responsible for carrying one of the goals on your field back to the white shed. Also, please return the cones from your field to the shed or to my car. (I'll let you know where they go when we get there.) Please help MBGLL put everything back so that we may borrow the equipment again next year.
