

Hershey Parking email

We are looking forward to seeing all of you and your teams this weekend.

Couple of notes regarding parking and field locations.

If you visit our Maps and Directions page, <link this> when you click on a site, the address will appear as well as google earth view. In addition, if you click on the red letters "Field Map" you will be presented with a printable layout of the fields at that site; this is helpful to you when you unload and where to park.

We will have parking attendants at all sites. Please follow their directions, thank you

Parking this weekend

### **In The Net (ITN)**

- We have a number of parking lots here.
- Not lot around the big indoor place; white tent looking
- We have a lot, gravel, at end of field 14 accessible via Taxiway Drive
- If you are playing on field 13 and/or 15 you can park at the North American Van lines lot right next to the field; take first right when on Airport Road from 117.

### **Campbelltown (CT)**

- We have lots at the Firehouse from Horseshoe Pike
- We have a lot accessible from Lynmar Avenue
- We also have limited parking near field 22 off of Lawn Drive

### **Lebanon Valley College (LVC)**

- There is more than enough parking.
- Some of the parking is near the fieldhouse and fields 36 and 37
- There is also parking in the back near fields 31 and 33
- All traffic upon exiting from LVC will be required to turn right
- Your GPS will kick in, we will also have signs to each other site from LVC
- CDE and Bishop McDevitt the fastest and easiest way will be to get on 81 South
- Please plan to leave earlier than expected because of potential construction delays

### **Ridge Road (RRF)**

- There is a lot of parking here, most of it on grass.
- Please drive slowly.
- See our map as to where we will park you in relation to which field you are playing on.

- If you are playing on a few fields, know upon arrival what field you wish to park near; our guys will direct you there. There will be signs hanging indicating the area is for a specific field.
- Please drive slowly here and look both ways upon exiting.
- Please follow our traffic pattern to avoid having 2 way traffic where there is room only for one way traffic.
- A reminder the address we have on our site is across the street from the fields, no GPS address for the fields. The address we have is a house, please don't pull into his driveway.

#### **Central Dauphin East High School (CDE)**

- There is a ton of parking here
- We have found people don't want to walk too far.
- There is ample parking at the high school and the middle school right next door.
- There is a drop off area Near field 8, you can pull in drop off and then go park.
- Please keep off the grass at Central Dauphin East High School

#### **Bishop McDevitt (McD)**

- Again there is ample parking.
- We will have parking attendants
- Please no parking on grass

If at any site you have a handicap parking pass and you cannot get close enough to your field ask a staff member, in red shirt, for assistance. Thank you
