What is a concussion? A concussion is an injury to the brain caused by a direct or indirect blow to the head. It results in your brain not working as it should. It may or may not cause you to black out or pass out. It can happen to you from a fall, a hit to the head, or a hit to the body that causes your head and your brain to move quickly back and forth.

How do I know if I have a concussion? There are many signs and symptoms that you may have following a concussion. A concussion can affect your thinking, the way your body feels, your mood, or your sleep. Here is what to look for:

<table>

<tr>
<th>Thinking/Remembering</th>
<th>Physical</th>
<th>Emotional/Mood</th>

<td>Irritability-things bother you more easily</td>

<tr>
<td>Taking longer to figure things out</td>
<td>Fuzzy or blurry vision</td>
<td>Sadness</td>
<td>Sleeping more than usual</td>
</tr>
<tr>
<td>Difficulty concentrating</td>
<td>Feeling sick to your stomach/queasy</td>
<td>Being more moody</td>
<td>Sleeping less than usual</td>
</tr>
<tr>
<td>Difficulty remembering new information</td>
<td>Vomiting/throwing up</td>

<tr>

<tr>

<td>Sensitivity to noise or light</td>

<td></td>
</tr>
</tbody>

Table is adapted from the Centers for Disease Control and Prevention (http://www.cdc.gov/concussion/)

What should I do if I think I have a concussion? If you are having any of the signs or symptoms listed above, you should tell your parents, coach, athletic trainer or school nurse so they can get you the help you need. If a parent notices these symptoms, they should inform the school nurse or athletic trainer.

When should I be particularly concerned? If you have a headache that gets worse over time, you are unable to control your body, you throw up repeatedly or feel more and more sick to your stomach, or your words are coming out funny/slurred, you should let an adult like your parent or coach or teacher know right away, so they can get you the help you need before things get any worse.

What are some of the problems that may affect me after a concussion? You may have trouble in some of your classes at school or even with activities at home. If you continue to play or return to play too early with a concussion, you may have long term trouble remembering things or paying attention, headaches may last a long time, or personality changes can occur. Once you have a concussion, you are more likely to have another concussion.

How do I know when it’s ok to return to physical activity and my sport after a concussion? After telling your coach, your parents, and any medical personnel around that you think you have a concussion, you will probably be seen by a doctor trained in helping people with concussions. Your school and your parents can help you decide who is best to treat you and help to make the decision on when you should return to activity/play or practice. Your school will have a policy in place for how to treat concussions. You should not return to play or practice on the same day as your suspected concussion.

You should not have any symptoms at rest or during/after activity when you return to play, as this is a sign your brain has not recovered from the injury.

Insurance: The Wake County Public School System (WCPSS) furnishes an Interscholastic Athletic Insurance Policy that provides limited benefits for all students in the system who participate in high school sponsored and supervised interscholastic athletic activities. The policy provides excess coverage for students with other insurance coverage, but it pays only when other benefits have been exhausted. In cases in which a student has no other coverage with either a commercial insurance agency, Medicare, or Medicaid, the WCPSS athletic insurance policy is the primary policy.

If your son or daughter should be injured while participating in a high school sponsored or supervised interscholastic athletic event, the following procedures must be followed to process a claim under the insurance provided by WCPSS:

• Pick up a claim form at your school.
• See a physician within 30 days of the injury.
• Complete and submit the Accident Claim form. The claim form must be filed with the insurance company within 60 days of the injury and should include the Explanation of Benefits form from your primary insurance carrier. Please list below the name of your primary insurance carrier and policy number.

Request for Permission: We, the student’s parent/legal custodian, give my consent for the above-named student to represent his/her school in interscholastic sports, except for those sports indicated by listing here: ___________________________ ___________________________. Please note:

WCPSS Interscholastic Sports are basketball, baseball, cheerleading, cross country, football, golf, gymnastics, indoor track, lacrosse, soccer, softball, swimming, stunt, tennis, track, volleyball and wrestling. Weight training may be a required component of conditioning for any sport.

This form is current as of April 2018

Approved for 2018-19 School Year
Hazing: According to WCPSS Board Policy 6420.2, hazing is prohibited. No group or individual shall require a student to wear abnormal dress, play abusive or ridiculous tricks on him/her, frighten, scold, beat, harass, or subject him/her to personal indignity. The Board of Education is required to expel any student convicted of hazing under NC Criminal Statute §14-35.

Code of Sportsmanship: It is recognized that public school interscholastic athletic events should be conducted in such a manner that good sportsmanship prevails at all times. Every effort should be made to promote a climate of wholesome competition. Unsportsmanlike acts will not be tolerated. A player is under the coach’s control from the time he/she arrives at the athletic field until he/she leaves the field. The penalties listed in the North Carolina High School Athletic Association Handbook will be adhered to for any athlete ejected from an athletic contest.

NCHSAA Regulations Student Athlete Pledge—As a student athlete, I am a role model. I understand the spirit of fair play while playing hard. I will refrain from engaging in all types of disrespectful behavior, including inappropriate language, taunting, trash talking, and unnecessary physical contact. I know the behavior expectations of my school, my conference, and the NCHSAA and hereby accept the responsibility and privilege of representing this school and community as a student athlete.

Parent Pledge—As a parent, I acknowledge that I am a role model. I will remember that school athletics is an extension of the classroom, offering learning experiences for the student athlete to ride home with the parent/legal custodian. Student athletes are not to ride home with teammates or friends.

Injuries—No non-related athletic competition for 365 days from date of 3rd ejection. Sports injuries can be severe and in some cases may result in permanent disability or even death. We freely and voluntarily accept and assume the risk of injury that might occur from participation in athletics.

Transportation for Athletic Events—If student transportation is by a Wake County system-owned vehicle, the school system vehicle liability coverage is applicable to any vehicular accident. If student transportation is by private vehicle, the vehicle owner’s liability coverage is applicable to any vehicular accident. Parent or adult drivers should be aware that they may be held responsible for injuries to any individuals they are transporting and must certify that any private vehicle used is covered by at least the North Carolina state required insurance coverage. All student athletes who travel with a team to an away athletic event must return to the school with the team. The only exception to this policy is when both the coach and parent/legal custodian agree that it is beneficial for the student athlete to ride home with the parent/legal custodian. Student athletes are not to ride home from athletic events with any other person.

Medical Authorization—As the parent or legal custodian of this student athlete, I grant permission for treatment deemed necessary for a condition arising during or affecting participation in sports, including medical or surgical treatment recommended by a medical doctor. I understand that every effort will be made to contact me prior to treatment. Also, permission is granted to release medical information to the school and athletic trainer or first responder.

Risk of Injury—We acknowledge and understand that there is a risk of injury involved in athletic participation. We understand that the student-athlete will be under the supervision and direction of a WCPSS athletic coach. We agree to follow the rules of the sport and the instructions of the coach in order to reduce the risk of injury to the student and other athletes. However, we acknowledge and understand that neither the coach nor WCPSS nor Heads Up Football LLC (if applicable) can eliminate the risk of injury in sports. Injuries may and do occur. Sports injuries can be severe and in some cases may result in permanent disability or even death. We freely, knowingly, and willfully accept and assume the risk of injury that might occur from participation in athletics, including (if applicable) participation in Heads Up Football activities.

Residency Requirements—The NCHSAA residency requirements state, “the residence of any student shall be deemed to be that of his or her parents or sole surviving parent. In the event the parents are separated or divorced, the residence of the student shall be that of the parent to whom custody has been awarded by a court of competent jurisdiction.” According to WCPSS Board Policy 6201, a “legal custodian” is a person or agency awarded legal custody of a child by a court of law. The athletic director of the school must be notified of any student not living with a parent or legal custodian. No person other than a parent or legal custodian may sign off on this document.

We, the undersigned student and parent/legal custodian, certify that the home address shown on this document is our sole, bona fide domicile as provided to the Wake County Public School System Office of Growth Management. We also agree that we will notify the high school principal immediately of any change in domicile, since such a move may alter eligibility status.

We have read the eligibility rules and this document and understand all of the requirements for athletic participation. We agree to comply with the requirements set forth in the eligibility rules and this document. All information contained in this document is accurate and correct.

If your child’s medications, need for medical assistance, or medical conditions after completing this form, contact the Athletic Trainer or First Responder and provide updated health information.

Providing false information on this form may cause the student athlete to lose athletic eligibility.

2018-2019 North Carolina High School Athletic Association Eligibility and Authorization Statement
This document is to be signed by the participant of an NCHSAA member school and by the participant’s parent.

I have read, understand and acknowledge receipt of the eligibility rules of the North Carolina High School Athletic Association. I understand that a copy of the NCHSAA Handbook is on file with the principal and athletic administrator and that I may review it, in its entirety, if I so choose. All NCHSAA bylaws and regulations from the Handbook are also posted on the NCHSAA web site at www.nchsaa.org

I understand that an NCHSAA member school must adhere to all rules and regulations that pertain to the interscholastic athletics programs that the school sponsors, but that local rules may be more stringent than NCHSAA rules.

I understand that participation in interscholastic athletics is a privilege not a right.

Student Code of Responsibility
As a student athlete, I understand and accept the following responsibilities:

I will respect the rights and beliefs of others and will treat others with courtesy and consideration.
I will be fully responsible for my own actions and the consequences of my actions.
I will respect the property of others.
I will respect and obey the rules of my school and laws of my community, state and country.
I will show respect to those who are responsible for enforcing the rules of my school and the laws of my community, state and country.
I understand that a student whose character or conduct violates the school’s Athletic Code or School Code of Responsibility could be deemed ineligible for a period of time as determined by the principal or school system Administration.

I understand that if I drop a class, take course work through Post Secondary Enrollment Option, or other educational options, this action could affect compliance with NCHSAA academic standards and my eligibility.

Informed Consent – By its nature, participation in interscholastic athletics includes risk of injury and transmission of infectious disease such as HIV and Hepatitis B. Although serious injuries are not common and the risk of HIV transmission is almost nonexistent in supervised school athletic programs, it is impossible to eliminate all risk. Participants have a responsibility to help reduce that risk. Participants must obey all safety rules, report all physical and hygiene problems to their coaches, follow a proper conditioning program, and inspect their own equipment daily. PARENTS, LEGAL CUSTODIAN’S OR STUDENTS WHO MAY NOT WISH TO ACCEPT RISK DESCRIBED IN THIS WARNING SHOULD NOT SIGN THIS FORM. STUDENTS MAY NOT PARTICIPATE IN AN NCHSAA-SPONSORED SPORT WITHOUT THE STUDENT’S AND PARENT’S/GUARDIAN’S SIGNATURE.

I understand that in the case of injury or illness requiring treatment by medical personnel and transportation to a health care facility, that a reasonable attempt will be made to contact the parent/legal custodian in the case of the student-athlete being a minor, but that, if necessary, the student-athlete will be treated and transported via ambulance to the nearest hospital.

I consent to medical treatment for the student following an injury or illness suffered during practice and/or a contest.

I understand all concussions are potentially serious and may result in complications including prolonged brain damage and death if not recognized and managed properly. Further I understand that if my student is removed from a practice or competition due to a suspected concussion, he or she will be unable to return to participation that day. After that day, written authorization from a physician (M.D. or D.O.) or an athletic trainer working under the supervision of a physician will be required in order for the student to return to participation.

I have received, read and signed the Gfeller-Waller Concussion Information Sheet.

I consent to the NCHSAA use of the herein named student’s name, likeness, and athletic-related information in reports of contests, promotional literature of the Association and other materials and releases related to interscholastic athletics.

By signing this document, we acknowledge that we have read the above information and that we consent to the herein named student’s participation.
