

Raise Your Game™

Dear Parents,

As you probably have heard, US Lacrosse launched a new online member management tool and the join/renewal process has changed as a result. The biggest change to the previous system is that each US Lacrosse member now has an online account that they must be signed into in order to conduct online transactions on the US Lacrosse website.

IMPORTANT MESSAGE FOR PARENTS

Children under the age of 18 are not permitted to purchase products on the US Lacrosse system. If your child has previously been a member or is a current member, you (as the parent) likely have a record in the US Lacrosse system that we have already set up for you. **A parent must log in to *their own individual US Lacrosse online account in order to join or renew their child's membership.***

Please take the time to click on the links below for detailed step-by-step directions follow depending on whether or not you are renewing an existing member or joining for the first time. These instructions will help you to find your existing account or create a new account for a parent joining their child for the first time.

[Click here if you are a parent renewing child's membership](#)

[Click here if you are a parent joining your child as a member for the first time](#)

Thank you for your support as we transition into our new online management system, and please take advantage the accompanying coupon from Sports Authority as another one of your member benefits.

Yours in lacrosse,

Constituent Services
US Lacrosse
