

Allison Monroe's STAHA Secretary 2016 Platform

I would like to be considered for STAHA secretary.

I have a ton of experience as a secretary. NO Kidding! First I was the secretary for the Regional Office of the National Audubon Society in 1995. Then I stopped being a secretary and went to medical school-- but that also involved taking a lot of notes! Then I became a secretary for the advisory board to St. Theresa School, and also South Lake Tahoe AYSO Board.

For the last year I have been the Squirt Manager and have maintained a pretty good binder.

I am committed to upholding the mission of STAHA. I want to help keep hockey growing in South Lake Tahoe and help the STAHA families bond and enjoy this great sport.

And I am a very good typist.

Sincerely,

Allison Monroe
