Spring 2017 Registration

Stamford National Little League enjoyed another incredibly successful year and we're looking forward to another great season in 2017. You must meet either the Residency Rule or the School Rule to play in Stamford National Little League.

RESIDENCY RULE: Your residential address must be within the league boundaries. Before registering, please review our league boundary map, which is posted on our website (www.stamfordnational.com), to make sure you qualify to play in Stamford National Little League. Please contact the Player Agent via email if you played in the league last year and have moved to an address that is outside the league's boundaries. While you remain eligible to play in Stamford National, additional paperwork is required.

SCHOOL RULE: In addition to residing within the league's boundaries, kids are allowed to play for the league where their school is located, regardless of where you live. *This means that children attending the following schools are also eligible to play little league with Stamford National: Hart, KT Murphy, Rogers, Roxbury, Stillmeadow, Westover, Cloonan, Our Lady Star of the Sea, Waterside School, New School on Strawberry Hill, and Trailblazers Academy.* You and the school will be required to complete a form (located on league's website; one form with a section for each). The residency documents are not required under the school rule.
