    - i. Discuss what control SSLL has over the referees that work our games.

- 1. We are being told that we can not have control who is assigned to games. If we start dictating which independent contractors work our games then we are flirting with being an employer and it could create additional taxes.
- 2. There are a couple of people in this community that are interested in taking on the education and the assigning aspect of the referees. Is this something that SSLL should look into taking on? Norm-Follow up with the people who he knows that are possibly interested in helping out.

3.

- ii. Independent contractor vs employee
- b. Boundary committee update
  - i. Going to put more onus on clubs to declare their catchment area rather than requiring them to follow high school.
- c. Name Change due to similar name to year round 'South Sound Lacrosse' club
  - i. Need to find from our documents what our true legal name is.
  - ii. Consider changing name to South Sound Youth Lacrosse.
  - iii. Trevor motions that if we need to change our name we change our name to "South Sound Youth Lacrosse, or SSYL"
    - 1. Second- Lake Tapps
- d. Adding more specific wording to rules regarding flagrant fouls
  - i. Right now the only verbiage deals with if a player is ejected from a game they will be suspended from any SSYL activity up to and including the next game.
  - ii. When there was a flagrant foul ejection the committee felt that wile trying to stay objective and use rules, they didn't feel the wording allowed for adding additional punishment.
  - iii. Motion to add the verbiage 'that any ejection may result in further action as deemed necessary by a special assigned SSYL committee'
