

Equipment Repair

Hockey sticks

Every new player is issued a set of sticks when they join WNY Physically Challenged Youth Sports (Buffalo Sabres Sled Hockey). In the event picks are broken or the hockey stick itself breaks, it will be the responsibility of the player to replace the picks or stick.

Sleds

WNY Physically Challenged Youth Sports will make every effort to issue a sled in good working order to new players to use while they are part of our organization. In the event a sleds blade, strap system or pins brake and needs replace, it will be the responsibility of the player to pay for these repairs. These repairs are small and considered normal wear and tear. If a new bucket is needed due to a player out growing their current bucket or the sleds nose pieces brake, the organization will pay for these repairs. These repairs need to go thru your team manager. Team managers will be appointed at the beginning of each season and they will coordinate with the organizations equipment manager.
