HOCKEY TIMES

MEET OUR SPORTS MEDICINE TEAM

Beacon Orthopaedics & Sports Medicine has been a long-standing sponsor of the Cincinnati Swords, offering injury clinics and concussion testing for our players. They are the preferred healthcare provider for the Cincinnati Swords. In this article we want to take some time to spotlight this important sponsor and remind you that they not only offer injury checks and concussion testing but they also provide urgent care, physical therapy and much more. They work in conjunction with Drayer Physical Therapy Group to provide injury checks for our Swords players and concussion testing for our high school players.
