

## Managers: How to Enter Game Results on Tomboys Website

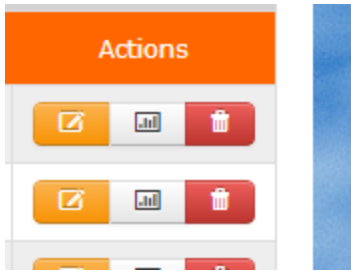

Game results can **only be added** once an events start time has passed. This means if an event starts in the future, even by 1 minute, the results for that event cannot be entered. Once a game has been played, you can enter results on the team's Results page.

### 1. Sign In to the site.

### 2. Navigate to the team's Results page. Go to "Teams" (2<sup>nd</sup> Menu item on top of page, between League Info and Tournaments) Choose 2014 Rec League, Select your Division, Select your team, Click "Results" on Left toolbar navigation.
