PLAYER EVALUATIONS

Final team determination is solely based on player performances at Lightning evaluations.

ALL players must attend at least one (1) scheduled evaluation session to be eligible for a team roster spot. Payments for evaluations are to be paid at evaluation registration and are not included in program costs. No pro-rated evaluation fees will be approved.

Player fitting for jerseys, socks and other apparel will occur at evaluations.

Player evaluations are simple and fair -

- Players are issued numbered Lightning practice jerseys at the time of registration and payment.
- Evaluators are provided blank evaluation sheets immediately prior to evaluations (no pre-selections).
- Evaluators review and rank each numbered jersey using an A-C rating on Skating Ability, Speed, Positioning, Stickhandling, Shooting, Effort and Hockey Sense.
- Evaluators discuss all player evaluations during scheduled lunch and dinner breaks (provided by the Lightning organization).
- Evaluators determine team skill levels (B, A, AA).
- Players are placed on appropriate teams.

It is the Lightning's intent to have all evaluation results and report cards complete and finalized by Sunday 15JUN13. Carolina Lightning Hockey will provide feedback/report card which will be forwarded to the respective team coaches and used as a season baseline.

All evaluation and team selections are final.
