RE: NJFL Conduct Policy

To All NJFL Parents, Player and Fans:

As we begin the 2017 junior football and cheer season, this is an opportune time to remind everyone of the mission of the Northwest Junior Football League (NJFL), of which you are a part.

The mission of the NJFL is as follows:

*“The mission of the NJFL is to teach young athletes the skills and fundamentals of football and cheer in an environment that builds outstanding character and promotes participant safety and the highest levels of good sportsmanship.”*

Our first priority is the safety of your children, followed closely by an expectation of exemplary sportsmanship on the part of our coaches, players, and fans. It is incumbent on every one of us to make this a positive experience for everyone involved in the NJFL.

As the NJFL franchise presidents, we want to be perfectly clear on this point: **the NJFL has a zero-tolerance policy towards bad behavior on the part of any participant.** Each of you signed a Code of Conduct statement and the expectation is that you will abide by that Code at all times.

There will be no yelling at the referees, engaging in any type of un-sportsman-like banter between opposing fans, the use of profanity or any other behavior that is anything other than positive towards your team, the referees, the opposing team or their fans.

**If you engage in these behaviors, you will be ejected from the hosting facility and any further participation in any NJFL event will be determined by the NJFL Board of Directors.**
