## **Great Neck PAL Policies**

### **Early Bird and Regular Registration**

The beginning of registration will be announced prior to the start of each season. We will take Early Bird registration as long as we can. Management reserves the right to extend Early Bird prices based on enrollment or implement regular registration pricing without notice. After the date specified, the fee will increase by \$50. All registrations after this date will be required to pay this fee, **NO EXCEPTIONS**. Registrations will be accepted 3 weeks into the program with **NO** prorated credits. We will continue with rolling registration until we specify registration is closed.

### **Refunds and Credits**

For a refund you have until the start of the program to get a check refund. From the start date to the second day of play you will only receive a pro-rated credit, which is non-transferable. After the second day of play, **NO refunds or credits** will be given. Credits are based on amount of program days attended and you will be **deducted the price for the uniform and all applicable administrative costs**.

### **Uniforms**

Uniform picks-up will be on the first day of Program. They can be picked up at the program when announced or at the office following the initial pick-up. Dates will be given to you when uniforms are ready for distribution.

### **Evaluations**

Before a specific season starts we will be doing evaluations for certain grades in certain sports to make the teams balanced. You will receive emails after you register with this information.
