Team CSB will be headed by Greg Thomson and Brad Jackson. They have been providing quality instruction to players of all ages for close to a decade. They are coming together to build an academy where players can improve and excel at all baseball fundamentals, including hitting, fielding, pitching, agility, and more. Their staff will consist of other college and professional players and they will be trained under the CSB system. Longtime college coach and ex-professional pitcher Rob Savarese will serve as CSB's pitching coordinator.
