

Accident Notification Form

“I called today and asked about what form I fill out for an injured kid. You are going to send me one in the mail and I was going to look on-line for what I need. Is this the Incident Tracking Form? When I called they said something about an Accident Notification Form and I can’t seem to find it on the website. Can you help?”

John Voyles
Safety Officer
Oviedo, Fla., Little League

Here is an example of the Accident Notification Form you need to use in cases of players injured who do or may require medical attention. It should be filled out by a league official and signed by the league president and sent to Little League International Headquarters. Look for it on-line in the League Officials section under the “Insurance” header on the left-hand side (<http://www.littleleague.org/common/insurance/index.asp?cid=5>).

The Incident Tracking Form (on the next page) is for your league to use in all accidents – those requiring medical attention and those not. Doing this tracking will help your league determine if additional training is needed for specifics like sliding (if several players in a division are hurting their legs or ankles, but not enough to go to the hospital); or if players are getting hurt on a specific field from bad hops, the field may need dragging or other work, etc.

“Do you have examples of injury or accident processes that can be distributed to league parents? I’m looking for ideas for a document to be included in our parent handbook that explains the process in layman’s terms.”

Pat Gallagher
Safety Officer
Capitola Little League, Soquel, Calif.

That’s a great question. Here’s an example of what we have in the sample safety manual. Attached is a tracking form for your coaches to fill out as

well (on next page); but if an accident occurs, you should fill out and submit the Accident Notification Form.

Accident Reporting Procedures What to Report

An incident that causes any player, manager, coach, umpire, or volunteer to receive medical treatment and/or first aid must be reported to the league safety officer within 48 hours of incident. This includes even passive treatments such as the evaluation and diagnosis of the extent of the injury or periods of rest.

When to Report

All such incidents described above must be reported to the Safety Officer within 48 hours of the incident. The Safety Officer is:

_____ who can be reached (day) at _____ or (evening) at _____

How to Make the Report

Reporting incidents can come in a variety of forms. Most typically, they are telephone conversations. At a minimum, the following information must be given:

- Name and phone number of the person involved
- Date, time, and location of the incident
- As detailed a description of the incident as possible
- Preliminary estimation of the extent of any injuries
- Name and phone number of the person reporting the incident.

Safety Officer’s Responsibilities
 Within 48 hours of receiving the incident

report, the Safety Officer will contact the injured party or the party’s parents and:

- (1) Verify the information received;
- (2) Obtain any other information deemed necessary;
- (3) Check on the status of the injured party; and
- (4) In the event that the injured party required other medical treatment (i.e., Emergency Room visit, doctor’s visit, etc.) will advise the parent or guardian of the _____ Little League’s insurance coverages and the provisions for submitting any claims.

If the extent of the injuries are more than minor in nature, the Safety Officer shall periodically call the injured party to (1) check on the status of any injuries, and (2) to check if any other assistance is necessary in areas such as submission of insurance forms, etc. until such time as the incident is considered “closed” (i.e., no further claims are expected and/or the individual is participating in the league again).
