

RESPONSIBILITIES OF OFFICIALS – 2016 - 2017

1. Be on time (that is, arriving ahead of game time so that pre-game preparations are completed).
2. Wear the proper uniform: Black pants; Black and White V Neck Striped Shirt and Black Shoes. If Jacket is worn, please make sure to have patch on the Jacket. A U.S. Flag patch is optional but if worn it should be worn on the left sleeve of your uniform Shirt.
3. The only reason for not fulfilling your commitment to an assigned game would be an emergency. If a replacement is needed, you should call the assignor and see who might be available. Once you get a replacement, you will need to notify the Home Team coach of the change.
4. It is considered unethical for an official to give up an assigned game to take one that is more to his or her liking because of a higher fee.

All of the above stated procedures are policies of long standing with the New York Board and should be part of each official's standards of conduct. The reputation of the officials, on the whole, has been good and we should try to keep it that way.

Thank you for your cooperation in helping to fill the assignments. Good luck and have a good season.
