

1. Make your **Goal Circle – 8.5’ radius**.
2. Make your **Goal Line – width of the goal cage**
3. Make your **Goal Line Extended**. These lines run out from the edge of the Goal Circle and extend 39’ 4”(12m).
4. **8m ARC**- (Step 1) Take your string from the back of the center of the goal circle (A), thru the intersection of the goal line extended and the goal circle. This gives you the 45-degree angle to the Goal Line Extended that you need. Mark your line from the intersection out 28’ 3”.
5. **8m ARC**- (Step 2) Take your string from the center of the goal circle line and connect B to C (34’ 10”).
6. **12m FAN**- Take your string from the center of the goal circle line and run from D to E (47’ 9”).
7. **Hash Marks**- 1 ft. long and measured 4, 8 and 12 meters respectively from either side of the center hash mark, which is measured from the center of and perpendicular to the center of the goal line. The actual measurement from hash to hash (F to G) straight is 13’ 2”.
8. **Restraining Line**- Solid line 30yds up field from each goal line that extends across the width of the field.
9. **Center Circle**- 30’ radius in the center of the field with a 9’ 11” center line running through the center and parallel to the goal lines.

1. There should be 10-20 yards of space behind each Goal Line Extended.
2. The playing area shall be rectangular and marked with a solid lined boundry. All lines are 2"-4" wide, except for the goal line, which is 2" wide.
3. The restraining line is 30 yards up field from each goal line and extends across the width of the field.
4. The Center Line should be 9' 11" (3m) and parallel to the Goal Lines.
5. The Center Circle is a circle radius 30' (9m) in the center of the field (G to H).
6. The Substitution Area shall be in front of the scorer's table and centered at the midfield line. The area will be sectioned off by two hash marks 2m-4m in length.

Soft/flexible cones, pylons or flags must be used to mark the corners of the field.

\*\* All solid lines should be marked on the field. All gray dotted lines are guides only.
