Mission Statement:

The Monroe United Recreational Soccer League embraces all Club and Town recreational programs that promote and enjoy organized recreational soccer in and around Monroe County. Through collective co-operation, member programs will work together behind the scenes as well as on game day to provide a safe and enjoyable atmosphere for all staff members, families, spectators, referees & recreational players of all skill levels, conducive to the encouragement of the development of skills, teamwork & good sportsmanship.

The League focus shall always be on the enjoyment of the game of soccer for one and all.
