

Tri-State U16 Rules

Introduction and General Overview

Welcome to the competition season. The following is an explanation of the Tri-State Alpine Ski Racing Association U16 Program and rules. This program has been developed for the tremendous young athletes we have in Tri-State. Good luck to our U16 group. Ski fast and have fun this season!

The U16 program is organized by the Tri-State U16 Committee. This committee is comprised of a committee chair and representatives from each of the three Tri-State regions. For the 2016-17 season the committee membership is as follows:

Rules

1. All Tri-State U16s are expected to participate in this race series including Championship Weekend, which is required. (i.e. No racing up to U19 races or “chasing points” in other divisions on TS U16 series race dates.)
2. SCORING. Cumulative scoring will be used for this race series using USSA points (for discreet TS series events, not the athlete’s USSA point profile). At the conclusion of this series these results will be used to determine selections for U16 Eastern Championships, U16 Eastern Finals, and U16 Am-Cans. Each athlete’s best three TS U16 series race results (in terms of USSA points earned for each event) will be added. Any series races for which an athlete does not compete or records a DNS, DNF, or DSQ will be tabulated as 990 points. Ties will be broken by the next best race point result. The next tiebreaker, if needed, is the sum of each racer’s SL and GS USSA points.
3. TS U16s are welcome to participate in TS U19 races or other events when those events do not conflict with TS U16 race dates. (Host programs manage racer starts. U19+ events may have limits / restrictions on their entries.) Results obtained may improve an athlete’s USSA point profile, but results outside the series will not be included in the U16 series ranking for post season teams.
4. SEEDING. Seeding will be based upon current USSA points by discipline. Random Seed Draw for the 15 athletes with the lowest points. 990s will be randomly seeded after racers with points. Second run start order will be flip 30 format based upon first run finish time. DSQ/DNF will be random draw after seeded racers.
5. Post season teams will be based upon quotas determined by the USSA Eastern Region. When Tri-State quotas are not gender specific, the gender split will be determined by the gender proportions of U16 racers registered in Tristate as of December 31 of the race season. Post season teams will be announced on TS Championship Weekend. All racers selected for post season teams are required to confirm participation to Tri-State U16 Chair by the announced date.
6. Post season alternates set at (6) boys and (6) girls. Athletes are responsible for checking on opportunities to participate from Tri-State U16 Chair. If all alternates are used up, open Tri-State quotas will be filled by U16 committee discretion and competitors intent to compete list.
7. All Tri-State Membership and Eligibility rules apply to the U16 race series as does the Code of Conduct.

Out of State Training

Post season teams and divisional competition quota spots are available to qualified athletes who are affiliated and actively training with a program in the Tri-State division. Any athlete conducting their training with a program that is not a recognized Tri-State member program is not eligible for Tri-State post season teams and quota spots.

It is recognized that some athletes may choose to pursue early season training opportunities with other programs. These activities must be completed by December 31 of the competition season, or a review of the activity may be conducted by the Eastern office and/or the Tri-State U16 Chair. If the training activities are deemed in violation of the USSA rules governing such activity, further disciplinary action

(up to and including suspension from competition) may be taken by the Tri-State Board of Directors at the recommendation of the Tri-State U16 Chair.

Other athletes may have opportunities to visit out of state programs during the competition season. Tri-State does not discourage these activities. However, the Tri-State U16 Chair must be notified of the location and duration of the training in advance. Notice must be made to Roger Kimball by email at roger@berkshireeast.com. Examples of this type of training include a FLEX session at GMVS or a FAST week at SMS. If the training activities are deemed in violation of the USSA rules governing such activity, further disciplinary action (up to and including suspension from competition) may be taken by the Tri-State Board of Directors at the recommendation of the Tri-State U16 Chair.

Any athlete found to concurrently be a member of any other state organization will be disqualified from eligibility for any Tri-State quota spot or post season team.

Tri-State Membership Deadline for Quota Selection of Post Season Eligibility

- November 30 for renewal members
- December 15 for new members

Athletes must renew their USSA and Tri-State memberships before the selection deadlines to be eligible for quota selections.

USSA Elite Athlete Events

USSA sponsors events during the season for athletes who achieve top level success at the regional level. Junior athletes and parents are reminded that some current U.S. Ski Team members have not achieved top level success as junior racers and future elite level success in ski racing may occur as athletes mature.

USSA Eastern Region staff selects the athletes for these events. Tri-State athletes invited to attend these elite events will be notified by USSA Eastern Region through the U16 Chair. Further information is available on the USSA website.
