

Rochester RazorSharks Head Athletic Trainer

AVAILABILITY:

- December 2016 – April/May 2017

RESPONSIBILITIES:

- Responsible for player treatment at practice and game sites. Prepare players for each practice and game by exercising, preventative taping and bandaging techniques, and possibly overseeing the team warm-up and stretching period.
- Responsible for planning and implementing emergency procedures for all practice and game facilities.
- Ordering equipment and medical supplies used in these treatment areas, as well as the general cleanliness of treatment areas. Continuous maintenance of medical supply inventory.
- Coverage of all practices and games (home and away) during the pre-season, regular season, and post-season.
- Responsible for working with the Team Physicians in the planning, organization, and implementation of pre-season physical examinations of all players. All doctors' appointments to be scheduled by trainer.
- Responsible for preparing treatment and rehabilitation for non-traveling injured players at a site determined by the Team Physician and Head Coach when the Head Athletic Trainer is out of town on team business.
- Responsible for the accurate and thorough keeping of daily injury & medical records on all players.

QUALIFICATIONS:

- 1-3 years of experience as a Certified Athletic Trainer
- Certifications up to date (First Aid, CPR, etc.)
- Travel required.
- Ability to work nights, weekends, and some holidays.
- Reliable source of transportation.
- Previous experience with Workers Compensation preferred but not required.
- Ability to work within a team environment.
- Strong professional and interpersonal communication skills.
