

Little Sticks Spring 2012

Allied Field Hockey

Little Sticks is for the early field hockey player in the U7 and U9 age groups. The focus is twofold—develop the player's individual primary skills and incorporate those skills into smart team play.

Instruction is provided by volunteer coaches.

Most sessions will be on Saturday mornings from mid-March through mid-May, 9-10:30 am and will include both skills instruction and gameplay. (Other days and times may be necessary due to the weather.)

Location: Horner Park/Clover Hill Athletic Complex, 17901 Genito Road, Moseley....click [here](#) for a park map.

Allied Field Hockey is a proud member club of USA Field Hockey.

We will continue to use the US-FHA StickStarz and TurfTykes curriculum as the instructional basis for the Little Sticks program this Spring, with plans to transition into the new USFHA

FUNDamental Field Hockey initiative following its introduction this April.

Program cost is \$50.

Players should provide their own field hockey stick, mouthguard and shinguards.

Protective eyewear is optional.
