Dear Vested Blackhawk Community Members,

As the originating member of this club it is my desire to continue serving on the board as Vice President. It has been a pleasure serving with the current board. I am eager to see the fruits of our labor as the game of Lacrosse continues to grow in our community and opportunities increase for both players and their families.

My knowledge and respect for this community is immense and my consistent work ethic brings a diverse collection of 17 years of service to the Bethel Community. When building a non-profit it is key to be familiar with the area you are serving, with lacrosse this is especially important because we are also teaching many about a "New Sport", so communication is key. I am comfortable in all aspects of communication and presentations on behalf of our program and feel I can continue to represent this program in a professional manner.

As my resume will highlight I have served in a volunteer capacity in the Bethel School District for 17 years. My experience is broad from a School Beautification chair, to President of Bethel Area Council (All PTA's in BSD). My reputation is solid and my desire is to continue serving with Blackhawks Lacrosse as we grow leaps and bounds!

Thank you for your consideration,

Shannon Booth
