VI. DIVISION ELIGIBILITY

Little League age is determined by the Little League International age chart of the current season. The Player Agent or the Player Agent Committee on an individual player basis must approve any exceptions to the conditions listed below. The Board will make safety the primary factor in its decision.

Introduction to Baseball: Single-A (5 - 6 years old)

Players are placed on teams, generally grouped by neighborhood and possibly by special request of the parents. Managers may submit a team (or partial team) of players they would like to coach. FPLL will consider all requests when forming teams, but will not guarantee all requests will be honored. If a player is 5 years old they are required to play Single-A. If a player is 6 years old, and has never played baseball before, they are required to play Single-A unless demonstrated size or baseball skill warrants placement in the Double A Division.

While at practices, Managers and Coaches will develop the players' abilities to hit off of a tee and against pitching by the Manager/Coach. Games will be played with coaches pitching the ball and the batting tee being used when needed.

Double-A: Player Pitch/Coach Pitch (7-8 years old)

Players are placed on teams, generally grouped by neighborhood and possibly by special request of the parents. Managers may submit a team (or partial team) of players they would like to coach. FPLL will consider all requests when forming teams, but cannot guarantee that all requests will be honored. This division is geared for some 6 and 7-year olds who have played one year in the Single-A Division and already have developed baseball skills, 8 year old Players will be eligible for being drafted up to Triple-A if a roster spot opens up based on evaluation completed by the Player Agent.

Managers and Coaches should teach the players how to pitch the ball and hit the ball when a player is pitching.

Triple-A: Intro to Competitive Play – Player Pitch (7 – 10 years old)

A player's ability will be evaluated at a FPLL approved tryout in order to be drafted in this division. Players are selected on teams based on a draft. Ten (10) year olds who did not tryout will be placed on a team in this division.

For a Seven (7) year old to be considered for Triple A, that player must have played FPLL AA the previous year.

Ten (10), Eleven (11), and Twelve (12) year olds who were evaluated at an FPLL-approved tryout will be eligible for being drafted up to Majors if a roster spot opens up.

Eleven (11) and Twelve (12) year olds can play Triple A with a safety waiver. Each Triple A manager must

identify at least 3 alternate players immediately following the draft and before the season starts for potential call ups to Majors.

All games are played with players pitching to the other team.

Majors: Advanced Competitive Division – Player Pitch (9- 12 years old)

A player’s ability will be evaluated at an FPLL-approved tryout in order to be drafted in this division. Players are selected on teams based on a draft. All players, eligible by age, will be available to be drafted. 11 and 12-year olds who were not evaluated at an FPLL-approved tryout may be placed on a team in this division.

9-year olds will be eligible for the Majors Division Draft if they have met the following conditions: 1) It has been verified that they have played one or more years of Triple A, and 2) participated in a FPLL-approved tryout and been approved by the Independent Evaluation Committee, and 3) have the consent of their parent and/or legal guardian.”

All games are played with players pitching to the other team.

Juniors: Advanced Competitive Division – Player Pitch (13 - 15 years old)

A player’s ability will be evaluated at an FPLL-approved tryout in order to be drafted in this division. The Board also reserves the option for the Player Agent to place players on teams depending on the overall turnout in the Junior Division.

An Inter-league Agreement executed by the various District 53 leagues that offer Junior Division programs will guide the procedures by which the Junior Division will be operated. The current Inter-league Agreement envisions a “modified” Junior Program comprised of eligible 13 – 15 years old during the season. However, the All-Star team will revert back to the 13 – 14 year age group.

All games are played with players pitching to the other team.

Challenger: For Youth with Physical and/or Mental Disabilities (4 – 18 years old)

FPLL The number of teams and games played will be a function of the interest shown. The Challenger Division Director will develop game rules. Players will be teamed with a “Buddy” who will assist the player during the course of the game. The Challenger Division is open to those who have special needs.

VII. REGISTRATION

Registration shall be the primary responsibility of the Player Agent; however, the entire Board supports this very important process. Our primary goal is to register as many players as we can to help all the children of our community enjoy a season of LL baseball. Registration will primarily take place during the month of November and December with the specific dates to be set by the Board. Registration locations shall be at various areas, which are representative of FPLL. The Board shall set registration and participation fees. FPLL is an all-volunteer organization; none of the parents who help our league are paid a salary. FPLL fees are used to pay for our operational costs. A player is officially registered in FPLL once all of the registration fees are paid in full.

Publicity

The promotion of registration shall be the primary responsibility of the Communications Officer; however, the entire Board should help in making our community aware of registration. Various methods should be utilized to inform the community of our registration dates and locations including but not limited to:

- Update our website with all the current registration information.
- Mass e-mails sent to the parents/guardians of all returning players.

- Fliers, approved by the school district and/or private institution, delivered to all elementary schools within our boundaries for distribution to age-eligible students.
- Other methods may be used to help “get the word” out to all the parents in our area.

Format

The Board will use the registration dates to inform the parents of our community about FPLL. All Board Members will participate in the different registration stations to communicate information about FPLL. The different stations may include but are not limited to:

- ./ Check-In: Parents will be given the necessary paperwork and their addresses will be verified to ensure that they live within FPLL boundaries. Residency shall be established and supported by documents, dated between the previous and current year. Three or more of the following categories are needed to determine residency: Driver’s License, Voter Registration, school records, welfare/childcare records, federal records, state records, local records, support payment records, homeowner or tenant records, utility bills (i.e. Gas, Electric, Water/Sewer, phone, mobile phone, heating, waste disposal), financial (loan, credit, investments, etc.) records, insurance documents, medical records, military records, internet, cable or satellite records, vehicle records, employment records. Note: three documents from one category count as one proof.
- ./ Age Verification: Players original birth certificates will be checked and copied to determine their LL age. LL age is determined by the player’s age as of April 30th of the current season.
- ./ Divisions: Players and Parents will have an opportunity to speak with, and ask questions to a Division Director or other Board member regarding the division of play the player will most likely participate in.
- ./ Volunteers: Parents will have the opportunity to sign-up to volunteer to be an important part of making the baseball season happen for all the children of our community. Some of the ways parents can volunteer are by becoming a Manager, Assistant Coach, Umpire, organizing/assisting with various FPLL fundraisers, working Concessions, or helping Field Maintenance in the preparation of our fields both prior to and during the season. Each FPLL family will be expected to volunteer their time to these and other volunteer opportunities throughout the year. Parents will be asked to fill out a volunteer form if they are volunteering as a Manager or Assistant Coach since they will have repetitive contact with our players. The Safety Officer will be the only Board Member who will have access to the volunteer forms and will be the person conducting the background checks. All confidential material will be shredded at the end of the baseball season.
- ./ Uniforms: Parents/players will be given an opportunity to see the sizes of hats and jerseys that will be available for the upcoming season. Parents will fill out the appropriate sizes for their player on the registration forms.
- ./ Sponsors: Parents who would like to help support FPLL can become a team or FPLL sponsor. We encourage local businesses that want to support the youth and families of our community to become a sponsor.
- ./ Copies: Copies made by FPLL will be assessed a charge to be determined by Board of Directors.
- ./ Checkout: Parents will pay their registration fees.

Late Registration

FPLL may have additional registration dates leading up to our tryouts. The dates and locations of these additional registration dates will be advertised through the FPLL website, banners, and other methods. These late registration dates will have an abbreviated format. Any parents wanting to register their child after FPLL’s tryout dates will have to contact FPLL’s Player Agent or President about making a special exception for them. Parents wanting to sign up their child on or after Opening Day will be placed on a waiting list, but there will be no guarantees that their child will be able to play during the current season. A \$25.00 service fee will be added to the cost of each player’s registration.

Scholarship Program

One of FPLL’s goals is to have as many children in our community playing LL baseball. We do not turn away

any player due to their family's legitimate inability to pay our fees. To ensure that all children can share in the LL experience, FPLL has set up a Scholarship Program to assist families who are not able to afford all or part of our fees.

Families in need of a scholarship are asked to fill out a Scholarship Application. This application asks for general contact information, reason(s) why a scholarship is needed, other ways in which the family can help FPLL by volunteering, and what part of the fees they are able to pay. If parents have any documentation to support their application, copies should be attached to the application. The scholarship application will be reviewed by the FPLL President for initial approval. After the application is initially approved and all other registration paperwork has been submitted, the player will be placed on FPLL's waiting list until final approval. FPLL Board will review all Scholarship Applications for final approval. Once a player's Scholarship Application has been given final approval they will be placed in the general pool of players for placement on a team or inclusion in the player draft.

Parents who can pay the registration fees but need to defer full payment will be asked to fill out a Scholarship Application explaining their situation and when they will be able to pay the fees in full. These players will be placed on FPLL's waiting list until the fees are paid in full and then placed in the general pool of players for placement on a team or player draft.

All Scholarship Application information will be confidential and shared only by members of the Scholarship Sub-Committee. Parents will be notified by the Board as to their child's scholarship status once the Scholarship Sub-Committee meets.

Refund Policy

If a family asks for a refund after registration, the following policy will be adhered to and once any part of the refunds is provided to the parents/guardians of the player, then that player's season is finished and they cannot be re-admitted into FPLL until the following season. The following guidelines shall be followed

Time of Season	Amount of Refund
Registration – Prior to Drafting or Selection of Team	100%
Drafting or Selection of Team – 2 weeks following draft	50%
Opening Day – Mid-Season 2	0%
Mid-Season – End of Season	0%

Fundraisers, team sponsors, league sponsors, and other donations to FPLL are non-refundable. Mid-season is defined as the point when 50% of the originally scheduled games would have been completed.

VIII. TRYOUTS

Tryouts will be scheduled by the Board to take place in January and will be held for all FPLL players ages 9 to 12 (and for 8 year olds interested in being eligible for Triple A). Tryouts are designed to help FPLL and the Manager/Coaches for the upcoming season, determine which division of play would be best for the on-going development of the player. It is our goal to have players of relatively equal ability playing in the same division. All players, regardless of ability, will be placed on a team.

Expectations

Players are expected to attend the time slot at which their age group is being evaluated and should be wearing proper clothing and have appropriate equipment. At the assigned time, all players will be asked to report to one of the dugouts of the field being used. A member of the Board will place them in the proper order in the dugout and coordinate their participation during the tryout. If a player is acting in an inappropriate manner they may be asked to leave the dugout and possibly miss the tryout. Players will be released to their parents at the end of their evaluations. Parents at no time should leave the field area during their child's tryout. Parents are

encouraged not to speak with their child during the tryout or do anything else that might distract them from doing their best. Parents are strongly encouraged to be very positive of their child's performance.

Clothing and Equipment

It is recommended that players wear cleats, baseball pants or sweatpants, a baseball cup for protection, some type of t-shirt or uniform jersey, and a baseball hat. Players may still participate if they do not have the recommended attire, unless what they are wearing is deemed unsafe. Players will not be allowed to wear any jewelry. It is recommended that players bring their own baseball glove and bat that they have used before; however if they do not bring their glove and bat, they may be able to borrow one.

Skills Evaluated

Players will be evaluated on the following skills: catching fly-balls, throwing from both an outfield and infield position, fielding ground balls, catching a throw, hitting, and running the bases.

Managers, Coaches, and Independent Evaluators

Managers are expected to attend all the evaluations for the age groups playing in their division. Managers and coaches will be asked to locate themselves somewhere in the right field area of the field being used, out of the way of the action. Managers may have one coach with them on the field of play; the coach should be identified and approved by the FPLL President prior to tryout. Managers and guests on the field of play will not be allowed to speak with or distract the players during their tryout. Managers are to refrain from loud talking or other distracting behavior during a player's evaluation. Managers and their guest may have their children with them on the field as long as the children are not playing or otherwise distracting the player's during the tryout.

An Independent Evaluation Committee made-up of three (3) individuals appointed by the FPLL President will, separately and independently from the Managers/Coaches, evaluate all players to determine their readiness for the division for which they are trying out. At the conclusion of the tryouts, the Independent Evaluation Committee will confidentially share its views with the FPLL President and the Managers on players they feel may benefit from playing in another division either due to safety issues or consideration for the individual's playing experience. Managers, coaches, and independent evaluators will be asked to keep any and all evaluations associated with FPLL confidential. The evaluations for FPLL are to be turned in to the FPLL President at the conclusion of the evaluations.

IX. TEAM SELECTION AND PLAYER PLACEMENT

Team Selection for, Single-A (Coach Pitch), & Double-A (Coach/Player Pitch Divisions)

Following tryouts, teams for Single-A and Double-A Divisions will be determined by the Player Agent. All teams in these divisions will have a minimum of 10 players. The Player Agent will take into account the following when selecting the teams; player addresses, parent requests, and manager requests. Requests by parents and/or managers will be considered, but it is not a guarantee that all requests will be honored.

The following options will be honored:

Siblings playing in the same division may be placed on the same team.

A Manager or Coach's child may play on the Manager or Coaches team

The following will be the age breakdown of the teams based on their Division:

Single-A (Tee Ball)

Available 6-year olds with no prior experience playing baseball.

All 5-6-year olds

Double-A (Player Pitch/Coach Pitch)

Available 8-year olds

Available 7-year olds having at least one year prior playing experience

Available 6-year olds having one year prior playing experience

Triple-A (Minor) Division Draft

Once the Major division rosters have been filled, on a date to be announced, the Player Agent, League President, League Vice-President, League Secretary, Triple-A Division Director, and Triple-A Managers will meet for the purpose of selecting the Triple-A Division teams. No other person(s) will be allowed in the meeting. Each team shall be comprised of 12 players. All players ages 12, 11, 10, 9, and 8 that are not already on a Major division team roster are eligible for the draft with the following exceptions:

12-year olds with a parental waiver to not play in the Major Division and who are then not drafted to Majors, 11, and 10-year olds must be on a Triple-A team. Once there are the same number of open roster spots as number of 12, 11, and 10-year olds still available, the draft will officially stop and the remaining 12, 11 and 10-year old players will be selected by the teams with open roster spots.

If an 8-year old is a sibling option of a drafted player, then they will be drafted on the Triple-A team their sibling is on due to the sibling option.

A Manager's child will be placed on the Manager's team according to the guidelines in the white book:

Age	Round
12	3
11	4
9-10	5
8	6

The 2 Assistant Coaches children will be placed on the Coach's team in the 5th and 6th rounds of the draft (however, if the Coach is with a team where the Manager's Option is used, then the Coach's Option shall occur in the round immediately following the Manager's Option). No more than 3 players will be allowed per Team using this option. Managers may decide which Coaches and Manager's children are taken.

Sibling Options will be honored. If a player with a sibling is selected by a Manager, then the sibling of the player will automatically be picked by the same Manager in the next round of the draft unless the parent has requested that the siblings play in a different division.

No Manager may select more than 8 players in any one age group

The draft process is confidential and no person in attendance should disclose to anyone the draft order or what was discussed at the meeting.

The draft order will be determined by a random method and will reverse in the even numbered rounds. Just prior to their first round pick, the Manager will inform the Player Agent as to their selection of a team name. Managers will only have the use of their notes including notes from the Tryouts to make their selections. Managers will not be allowed to have phone call discussions about the draft while the draft is taking place. There will be a minimum of 10 Rounds of the draft.

9 and 10-year olds who did not attend player evaluations may be placed on a Triple A team as a "hat pick."

Once the teams have been selected, the Managers will be given their players' information to include in their team binders. All documentation of the draft order will be destroyed and all present at the meeting will be reminded not to disclose any information about the draft order or what was discussed at the meeting. Managers are encouraged to notify their players as soon as possible and inform the parents of when and where the 1st team meeting will take place. No practices shall occur prior to having a parent and player team meeting.

Once the teams have been selected, the Managers will be given their players' information to include in their team binders. Managers are encouraged to notify their players as soon as possible and to inform the parents of when and where the first team meeting will take place. No practices shall occur prior to having a parent and player team meeting.

Major Division Draft

FPLL will be exercising Plan A under Player Selection Systems: Methods for Existing Leagues contained in the Little League International Operating Manual. This provides that players drafted into the Major Division will become the property of that Majors Team for the balance of their Little League play unless they request to re-enter the draft or are traded as allowed for in the Little League International Operating Manual. Expansion teams will be developed using the matrix below. Should the Manger of a team elect to exit FPLL, the team roster will be contacted to solicit a new manager from within. If a new manager from the returning roster is not identified, the team will dissolve and all players will re-enter the draft.

If a Majors Team Manager/Coach/Assistant Coach opts out of a coaching position he/she will not be eligible to coach for the season of resignation as well as the following season. If the resignation is between seasons, coaching restrictions will be for the following season. In this instance if the team dissolves as a result of the resignation all team members will reenter the draft. If the team maintains its status, the child of the resigning coach will maintain their position as a property player unless a request for transfer is submitted prior to the draft.

Following tryouts, on a date to be announced, the Player Agent, FPLL President, FPLL Vice-President, FPLL Secretary, Major Division Director, and Major Managers will meet for the purpose of selecting the Major Division teams. No other person(s) will be allowed in the meeting. Each team shall be comprised of 12 players. All players age 12, 11, and 10 (and age 9 if they meet the qualification outlined in Section V – E) who attended the player evaluation are eligible for the draft with the following exceptions:

12 and 11-year olds who did not attend player evaluations will be placed on a Major team as a “hat pick.”
12 and 11-year olds who were evaluated by the Independent Evaluation Committee at the tryouts and determined to be more appropriately placed in the Triple-A Division (parents of 12-year olds must agree to their child playing in the lower division), will not be eligible.

If an eligible 9 or 10-year old is a sibling option of a 12 or 11-year old that was drafted, then they will be drafted on the Major team their sibling is on due to the sibling option (see below) unless their parent specifically requests that the siblings play in different divisions.

A Manager's child will be placed on the Manager's team according to the guidelines in the white book:

Age	Round
12	3
11	4
9-10	5

The 2 Assistant Coaches' children will be placed on the Coach's team in the 5th and 6th rounds of the draft (however, if the Coach is with a team where the Manager's Option is used, then the Assistant Coach's Option shall occur in the round immediately following the Manager's Option). No more than 3 players will be allowed per team using this option. Managers may decide which Coaches and Manager's children are drafted.

Sibling Options will be honored. If a player with a sibling is selected by a Manager, then the sibling of the player will automatically be picked by the same Manager in the next round of the draft (exception: 9 year olds will be picked in the 5th round) unless the parent requests the siblings to play in different divisions. No Manager may select more than 8 players any one age group. The draft process is confidential and no person in attendance should disclose to anyone the draft order or what was discussed at the meeting.

No later than prior to their first round pick, the Manager will inform the Player Agent as to their selection of a team name. Managers will only have the use of their notes, including notes from the Tryouts, to make their selections. Managers will not be allowed to have phone call discussions about the draft while the draft is taking place. There will be 12 Rounds of the draft. After the 8th round and each subsequent round up to the start of the 12th and final round, the number of 12-year olds still eligible to be drafted will be counted and identified. At such point where the number of eligible 12-year olds equals the number of remaining draft spots, only the remaining 12-year olds will be eligible for the draft.

Once the teams have been selected, the Managers will be given their players’ information to include in their team binders. All documentation of the draft order will be destroyed and all present at the meeting will be reminded not to disclose any information about the draft order or what was discussed at the meeting. Managers are encouraged to notify their players as soon as possible and inform the parents of when and where the 1st team meeting will take place. No practices shall occur prior to having a parent and player team meeting.

X. EXPANSION TEAM DEVELOPMENT

In the event that the number of players in the Majors Division exceeds the number of roster spots available on returning teams, an expansion team or teams will be developed.

During the draft, each new team or teams will select the number of players equal to the returning team with the least amount of returning players. As the expansion team reaches a commensurate level of players as another returning team, that returning team will enter the draft process noted above. The draft will continue, incorporating each existing team until all teams drafting have an equal number of players. As teams enter the draft, their draft order will be maintained based on previous season’s standings while the expansion team will be seeded first. Expansion teams will be held to the same standard as all existing teams with regard to drafting Manager and Coach’s children and sibling drafts. In the event that multiple teams are expanded simultaneously, the draft order of the expansion teams will be determined by a blind draw of numbers.

Expansion teams will be developed using the following guidelines and matrix:

Order	Team Ranking	Round 1	Round 2	Round 3	Round 4	Round 5	Round 6	Round 7	Round 8	Round 9	Round 10	Round 11	Round 12
1	Team A Expansion Team	pick	pick	pick									
2	Team B (5th place from previous season)	returning	pick	pick	pick	pick	pick						
3	Team C (4th place from previous season)	returning	returning	returning	returning	returning	returning	pick	pick	pick	pick	pick	pick
4	Team D (3rd place from previous season)	returning	pick	pick	pick	pick	pick						
5	Team E (2nd place from previous season)	returning	returning	returning	returning	returning	returning	pick	pick	pick	pick	pick	pick
6	Team F (1st place from previous season)	returning	pick	pick									

As illustrated in the sample matrix:

Rounds 1-6: Team A (including Manager/Coach child pick).

Round 7: Teams C, A

Round 8: Teams A, B, C, and E

Round 9: Teams E, D, C, B, A

Round 10: Teams A, B, C, D, and E

Round 11: Teams F, E, D, C, B, A

Round 12: Teams A, B, C, D, E, and F

XI. TEAM TRANSFERS, POOL PLAYERS, AND TRADES

One of the goals of LL is to maintain a competitive Major division with complete teams. The following procedures are in place to ensure a smooth and quick transition for the player and the team that also allows our FPLL to maintain a competitive and complete Major division.

Team Transfers (total time: 1 to 3 days)

Managers in the Major and Triple-A divisions may replace a player who has moved, quit, or becomes injured to a degree which would prohibit his or her return during the remainder of the season. The following steps and timelines shall be followed:

Reporting a Loss of a Player (total time: 1 to 2 days)

The Manager of the team losing a player due to injury or moving shall notify the Player Agent and the Division Director within 24 hours of a first missed game or two, consecutive missed practices (without being given prior notification) and/or notification of an injury to the player.

The Player Agent will have 24 hours to research the reason for the loss and either approve or deny the loss of the player. The Player Agent will notify the Manager, FPLL President and the Division Director of their decision. If the loss of the player is approved, then the FPLL President shall send a letter, by certified mail, of release to the player and the parents. This action creates an opening for replacement on the roster.

If a Player is "Quitting"

If a player misses one game or two consecutive practices, without notification to the Manager, the Manager shall attempt to contact said player within 24 hours to determine the player's participation status.

The Manager shall notify the Division Director within 24 hours of the first missed game or second consecutive missed practice if he is unable to contact the player.

The Division Director shall attempt to contact said player within 24 hours of being notified by the Manager. The Division Director will then investigate the status of the player and report their findings to the Player Agent within 24 hours.

If the Player Agent determines the player has abandoned his/her participation status, the Manager will be notified within 48 hours that his team has an official vacancy and it will be reported as a loss of a player.

Selecting a New Player (1 to 12 hours)

Once the Player Agent determines that a team has a vacancy, when he/she is officially notifying the Manager the Player Agent shall also give the Manager the list of available players from the next Division that may be selected. The Manager shall select a player from the Transfer List and notify the Player Agent of their top 3 selections, identifying their 1st, 2nd and 3rd preferences, within one hour of being directly contacted or 12 hours of being left a message or e-mail.

Managers are not permitted to contact any players or their family on the List in any way, directly or through a third party, during this process. The Player Agent will make contact with the players on the list and their families during the selection process.

If a player or their family on the list is contacted by a Manager during the selection process, the Manager will immediately be suspended from all FPLL activities until the next Board meeting where the Board may take appropriate disciplinary action.

Players shall be on the Transfer List based on the following:

Triple-A (Minor) Division Transfer List

10, 11 and/or 9-year olds who participated in the FPLL evaluations.

Exceptions:

Managers and Official Assistant Coaches children shall not be on the list. If there are no other players in the

division on the List, the children of Assistant Coaches shall be placed on the list.

If a Triple-A team has already lost a player due to transfer then no other player shall be selected from said team until all other teams in the same division with players on the list have lost one player due to transfer.

Sibling Options shall not be on the list

Double-A (Player Pitch/Coach Pitch) Division Transfer List

Any 9 or 8 year olds who participated in the FPLL evaluation shall be selected first.

Exceptions:

Managers and Official Assistant Coaches children shall not be on the list

If there are no other players in the division on the List, then the children of Assistant Coaches shall be placed on the list

If a Double-A team has already lost a player due to transfer then no other player shall be selected from said team until all other teams in the same division with players on the list have lost one player due to transfer.

Sibling Options shall not be on the list

Single-A (Coach Pitch) Division Transfer List

Any 8 or 7-year olds shall be selected first

Exceptions:

Managers and Official Assistant Coaches children shall not be on the list. If there are no other players in the division on the list, the children of Assistant Coaches shall be placed on the list.

If a Single-A team has already lost a player due to transfer then no other player shall be selected from said team until all other teams in the same division with players on the list have lost one player due to transfer.

Sibling Options shall not be on the list

Notifying a Transferred Player (1 to 12 hours)

Once the Manager notifies the Player Agent of their selection, the Player Agent shall immediately contact the family of the player selected and notify them of the proposed player transfer. Once the transfer has been agreed upon, the Player Agent shall give the family the contact information of their new Manager and the Manager will contact the family. The Player Agent and Uniforms Officer shall ensure the family will be provided their child's uniform and size as needed. Once the family of the player selected has been notified, then that player becomes a permanent member of their new team.

Refusal of Transfer

If a Manager's 1st choice refuses the transfer, then the Player Agent will contact the Manager's 2nd selection and follow the same player notification process. If the Manager's 2nd selection refuses the transfer, then the Player Agent will contact the Manager's 3rd selection and follow the same player notification process. If a Manager's top 3 selections all refuse a transfer, the Player Agent shall contact the Manager for his next three preferred choices and the notification process will begin again until the family of a player agrees to the transfer. The first player who agrees to the transfer will be placed on the team with a vacancy.

New Rule: If the Manager's 1st choice refuses to move and the Manager's 2nd choice decides to move up, then the Manager's 1st choice will transfer to the team of the Manager's 2nd choice. If Manager's 1st choice and 2nd choice refuses to move and the Manager's 3rd choice accepts the position, then the Manager's 1st choice will be

moved to fill the vacancy of the Manager's 3rd choice's team. This process will continue until we fill the vacancy in the Majors.

Note: Little League International says: A league may adopt a local rule prohibiting replacement from the Minor League Division to the Major League Division team during the last two weeks of the regular season schedule. FPLL has adopted this policy.

Pool Players

In the Single-A and Double-A divisions, players will have the opportunity to play in more games by becoming Pool Players. A pool of players from existing regular-season teams can be created with players that are willing to participate in extra games during the regular season when teams face a shortage of roster players for a regular season game.

Guidelines

FPLL's Player Agent will create and run the pool. FPLL's Player Agent will use the pool to assign players to teams that are short of players on a rotating basis.

Managers and/or coaches will not have the right to randomly pick and choose players from the pool.

Players used from the pool will not be allowed to pitch, except during the player's own regular season scheduled game.

Pool players that are called and show up at the game site must play at least nine consecutive defensive outs and bat once.

Trades

In the Major and Triple-A divisions, trades may be allowed between the end of the draft and the time that the draft meeting for the specific division is officially concluded. Trades need to be approved by the Player Agent. Once the draft meeting is over there will be no more trades during the rest of the season.

In the Double-A and Single-A divisions trades may be allowed at the end of the team notification meeting for Managers. Trades need to be approved by the Player Agent. Once the meeting is over there will be no more trades during the rest of the season.

XII. FPLL PLAYING TIME RULES

Majors, Triple A & Double A:

Games with no "Follower"

No new innings are to be started after 2 hours and 10 minutes from the start of the game during regular season (unless it is a tie game or fewer than then four innings have been played).

Games with a "Follower"

If a Triple-A Division game is scheduled on a day in which there are multiple league games scheduled at the same field location, and the Triple-A Division game is not the last scheduled league game at that field on that day, then no new innings shall be started after 1 hour 50 minutes from the start of the game.

XIII. EQUIPMENT

Before the Season

Managers will be given their Team Binders and their Team Equipment Bags at the Pre-Season Managers Meeting. The Division Directors shall make sure the Team Binders are updated and complete. The Equipment Officer shall make sure the Team Equipment Bags are updated and complete. Once Managers sign for their Team Binders and Bags they are responsible for its contents during the season.

During the Season

If there are any issues with the Team Equipment Bags the Manager shall contact the Equipment Officer.

Return of Equipment after Final Game

Upon the conclusion of the team's final game the Manager shall turn in their Team Binder and Bags to the Equipment Manager at time to be determined. The Equipment Manager shall check to make sure the Team Binders and Bags are complete. Once a complete Team Binder and Bag is returned, the Manager may pick up their team's end of the season trophies and/or pins. Managers failing to return all the contents of the Team Binders and Equipment Bags may be face a suspension from FPLL and further action if necessary.

XIV. GAME OPERATIONS

Game Schedules

The FPLL President in coordination with the Division Directors will create all division game schedules based on field availability. The game schedules should be ready by the Manager's Meeting and placed in the Team Binders. Game changes due to rainouts, etc. will be coordinated through the Division Directors and FPLL President and based upon field and team availability.

Suspended Games, Make-Up Games, & Forfeited Games Policy Official LL Rules

The following guidelines are contained in the current year's Official Regulations and Playing Rules (aka "Green Book") published by Little League International and will be followed by FPLL:

4.16: If a game cannot be played because of the inability of either team to place nine players on the field before the game begins, this shall not be grounds for automatic forfeiture, but shall be referred to the Board of Directors for a decision. Note: a game may not be started with less than nine (9) players on each team.

4.17: If during a game either team is unable to place nine (9) players on the field due to injury or ejection, the opposing manager shall select a player to re-enter the line-up. A player ejected from the game is not eligible for re-entry. If no players are available for re-entry, or if a team refuses to place nine (9) players on the field, this shall not be grounds for automatic forfeiture but shall be referred to the Board of Directors for a decision. Note: A game may not be continued with less than nine (9) players on each team.

4.18: Forfeited games shall be so recorded in the scorebook and the book signed by the umpire-in-chief. A written report stating the reason for the forfeiture shall be sent to the FPLL president within 24 hours, but failure of the umpire to file this report shall not affect the forfeiture.

FPLL Procedures for Make-Up and Forfeited Games

The Plate Umpire, Field Maintenance Officer, or FPLL President shall determine if the fields are unplayable on account of weather. If weather conditions change during a game the Plate Umpire will determine if there should be a weather time-out or if the rest of the game needs to be delayed and/or stopped.

If a team is unable to place nine (9) players on the field for whatever reason the following guidelines should be followed:

During a game:

Major and Triple-A (Minor) Divisions

If a team cannot place 9 players on the field after the first pitch has already been thrown, see Rule 4.17.

Double-A (Player Pitch/ Coach Pitch) and Single-A (Coach Pitch) Divisions

If a team cannot place 9 players on the field after the game has started and there is a Pool Player available to

play then they can activate said Pool Player. If no Pool Player is available then the game may be continued with less than 9 players.

At the start of the game:

Major and Triple-A (Minor) Divisions

If a team cannot place 9 players on the field at the start of the game, then the game shall be delayed 10 minutes to allow the team to field 9 players. After 10 minutes if the team still does not have 9 players, see Rule 4.16.

Double-A (Player Pitch/ Coach Pitch) and Single-A (Coach Pitch) Divisions

If a team cannot place 9 players on the field at the start of the game, the game shall be delayed 10 minutes to allow the team to field 9 players. Managers may contact their Pool Players to check if they are available. After 10 minutes if the team still does not have 9 players then the game will be played with less than 9 players. If any players show up late after the first pitch, then they will be allowed to play unless a Pool Player has already taken their place in the line-up.

Within 24 hours from the start of the game

Major and Triple-A Divisions

If a Manager is notified within 24 hours from the start of the game that their team cannot place 9 players on the field then they are to contact their Division Director and the FPLL President and explain the situation. The Division Director and FPLL President will refer the situation to the Board, per Rule 4.16. The Division Director will notify the Managers of both teams impacted of the Board's decision and the date/time of the make-up game if required.

Double-A (Player Pitch/ Coach Pitch) and Single-A (Coach Pitch) Divisions

If a Manager is notified within 24 hours from the start of the game that their team cannot place 9 players on the field then they are to contact as many of their Pool Players that they will need to field a team of 9 players. If they are still not able to field a team of 9 players, then they are to contact their Division Director and the FPLL President and explain the situation. The Division Director and FPLL President shall decide what action should be taken. The Division Director shall notify both teams of the decision and the date/time of the make-up game if required.

Single A (Coach Pitch) Division

If a Manager is notified within 24 hours from the start of the game that their team cannot place 9 players on the field then they are to contact their Division Director and FPLL President. The Division Director and FPLL President shall decide what action should be taken. The Division Director shall notify both teams of the decision and the date/time of the make-up game if required.

24-hours or more from the start of the game

Major and Triple-A (Minor) Divisions

If a Manager has prior knowledge that their team cannot place 9 players on the field then they are to contact the opposing Manager, the Division Director, and the FPLL President as soon as possible. The Division Director and the FPLL President shall reschedule the game using the following procedure:

Rescheduled games will first be re-scheduled for an open date based upon field availability and the affected team's schedule. Doubleheaders will be avoided but may be necessary depending upon field availability, schedules, and whether it is toward the end of the regularly scheduled season.

The teams that will play will be given at least 10 days notice prior to a rescheduled game (in order to plan

pitching rotations).

If a team cannot play a rescheduled game, they must inform the Division Director and the FPLL President at least 7 days prior to the game.

Each team will be given one free “rescheduling” pass of a make-up game. After that, if a team cannot make the game, they will forfeit the rescheduled game. If a team fails to notify the Division Director and the FPLL President at least 7 days in advance that they cannot make the rescheduled game then they forfeit the rescheduled game and lose their free “rescheduling” pass.

If during the last two weeks of the season the Division Director and FPLL President cannot find a time to reschedule the game that is convenient for both teams, then the team that cannot field a team of 9 players on the date of the make-up game will forfeit the game. If a date is available to reschedule a game there will be no “rescheduling” passes for either team. If a team cannot make the rescheduled game they forfeit that game.

Double-A (Coach/Player Pitch) and Single-A (Coach Pitch) Divisions

If a Manager has prior knowledge that their team cannot place 9 players on the field then they are to contact as many of their Pool Players as they need to field a team of 9 players. If they are still not able to field a team of nine players, they are to contact the opposing Manager, the Division Director, and the FPLL President as soon as possible. The Division Director and the FPLL President shall make a decision about the game. The Division Director shall notify both teams of the decision and the date/time of the make-up game if required.

Suspended Games

Major and Triple-A (Minor) Divisions

If a game is suspended on account of time, rain, or darkness, and the game is not an official game based on official definition of LL (see Rule 4.10 in the Green Book), then the Division Director and the FPLL President shall be notified and will reschedule the remainder of the game. The procedure for rescheduling games will be followed. The Division Director shall notify both teams of the decision and the date/time of the make-up game should one be scheduled.

If the game can be called as an official game it will not be rescheduled.

Double-A (Coach/Player Pitch) and Single-A (Coach Pitch) Divisions

If a game is suspended on account of time, rain, or darkness, then the Division Director and the FPLL President shall be notified and make a decision on any further action. The Division Director shall notify the Managers of the decision and the date/time of the make-up game.

Tied Games (Major and Triple-A Divisions Only)

Games in the Major and Triple-A Divisions shall not end in a tie. Games will be continued until there is a winner based on rules for winning in the Green Book (see Rule 4.12 in the Green Book). If a tied game needs to be suspended due to time, weather, or darkness, then the procedures for suspended games will be followed.

Tournament / Playoff Games

If a team cannot place 9 players (from its team roster) on the field for a game then that team forfeits the game. Both teams will be allotted 10 minutes after the scheduled start time to place 9 players.

Managers and Coaches not attending regular season games

It is the expectation that Managers and all official Assistant Coaches attend every game. However, if a Manager and/or Assistant Coach cannot attend a game, the game will still be played as scheduled as long as one official Manager and/or Assistant Coach can attend the game. If the Manager and all the official Assistant

Coaches cannot attend a game then the Division Director and the FPLL President will forward the issue to the Board for a decision.

Local Rules (for each division from Single-A to Major)

The rules cited here are local rules and do not take precedence over those in the official LL rule book, which otherwise prevail under all circumstances as the official rules. Any Manager, official Assistant Coach, Team Parent, League Officer, or Parent who does not follow these FPLL rules may be warned and/or face further consequences.

XV. APPLICABLE RULES FOR ALL DIVISIONS:

Supervision of Players

The following FPLL rules about the supervision of our players are for their safety:

Managers and official Assistant Coaches

All players must be supervised by a Manager or an official Assistant Coach at all times from the moment the family brings the player to a practice or game to the time the player is picked up by their family after a practice or game. Players should never be left alone after a practice or game. If a player is left unsupervised, the Manager may be suspended until the Division Director can conduct a full investigation as to why the player was left unsupervised.

Managers and/or official Assistant Coaches shall not transport players to/from practices or games unless they have the approval of the family in advance.

Families/Parents of Players

Baseball practices and games are not childcare opportunities. FPLL strongly encourages all families to have one adult-age family member at all practices and games. If a child needs to be left at a practice or game without an adult-age family member present due to time conflicts or work schedules, they need to notify the Manager in advance. Parents should walk their child to the practice or game area and not drop them off on the edge of the park or school.

If the family is regularly late in picking up their child from practices or games, and the Manager has already talked with the player's family about this pattern, the Division Director may be called to investigate the situation and determine any further action.

Distribution of Information

The Manager or an official Assistant Coach will notify all players and their families regarding practices, game schedules, FPLL field maintenance days, rescheduled or make-up games and other FPLL business.

The Manager, an official Assistant Coach, or the Team Parent may maintain the team website with all current information as a resource for families to use.

The Manager, an official Assistant Coach, or the Team Parent shall write written summaries of their team's games for the Daily Republic, our FPLL website, and their team website.

Practices

Managers and/or official Assistant Coaches are required to hold regularly scheduled practices with their teams to prepare for games. A maximum of 3 scheduled full team practices are to be held from Sunday through Saturday.

Major and Triple-A Division practices are not to go past 8:00 PM.

Double-A and Single-A Division practices are not to go past 7:30 PM.

Pre-season: 3 practices per week.

Regular season: 1 game/week = maximum of 3 practices/week; 2 games week = maximum of 2 practices/week;
3 games/week = 1 practice week

Mini-Practices

Managers may have “mini-practices” with no more than 2 or 3 players, to go over specific skills if the Manager has the approval of the player’s family and if a member of the family is present at all times. Mini-practices should not last for more than 30 minutes. These mini-practices are not required and families should not feel pressured to agree to them.

Home Run Line on Outfield Fence

There are no walks in Double-A, however if the batter is hit by a player who is pitching, that batter advances to first base. The batter will not receive a base if hit by a Manager/Coach. If a pitcher pitches a fourth ball, the batter's Manager/Coach will pitch to the batter. The catcher and umpire will remain in position behind the plate. The batter's strike count remains with the batter. The umpire will continue to call balls and strikes for pitches thrown by the Manager/Coach. The Manager/Coach should position themselves behind the pitcher or in an area which is close and safe to be able to quickly assume the pitcher's position if need be. After 3 strikes (including the previous count) or 3 pitches, whichever comes first, the batter is called out. The batter does not get extra pitches if the pitch does not hit the strike zone. If the 3rd and any subsequent pitches are fouled, the batter will continue to receive additional pitches.

Pitching situation samples

Count is 4-0; Manager/Coach has 3 pitches, batter has 3 remaining strikes unless 3rd pitch is fouled off Umpire continues to call balls unless 3rd pitch is fouled off. Umpire continues to call balls and strikes.

Count is 4-1; Manager/Coach has 3 pitches, batter has 2 remaining strikes unless 3rd pitch is fouled off Umpire

continues to call balls and strikes.

Count is 4-2: Manager/Coach has 3 pitches; batter has 1 remaining strike, unless pitch is fouled off. Umpire continues to call balls and strikes.

No infield fly rule in Double-A.

Plays at first. If the ball is overthrown, base runners may advance one base only, at their own risk, even if the second attempt to throw them out at 2nd is missed played or overthrown.

No base stealing is permitted in Double-A.

A play ends when the ball is in the possession of a defensive player within the pitching area (i.e. within 10 feet of the pitching area) and/or the umpire has signaled "time".

Each team MUST track his/her own players pitch count and submit a pitch tracking form signed by the opposing Manager to the Division Director.

Umpires

Home Team MUST provide behind the plate umpire (i.e. manager/coach or volunteer parent.)

Visiting Team MUST provide on the field umpire (i.e. manager/coach volunteer parent.)

Umpire's are only to be used in the second half of the Season.

The scoreboards may be used during the game. However, once the score differential is 10 runs, the score should be eliminated until such time the differential is less than 10 runs. The inning, strikes, and outs portion of the scoreboard can still be utilized.

Continuous batting order in effect. Managers must submit player rotation and batting order to the opposing team prior to start of game. Players must rotate from outfield to infield positions throughout the game (catcher is considered an outfield position). Players may not play an infield or outfield position in consecutive innings. Players may not play the same position more than once in each game.

Over the course of two games, each player should have played each defensive position. You are NOT allowed to use the same defensive rotation in each game.

Managers shall rotate the defensive positions after each inning during the game to ensure that each player has an opportunity to play an infield position and outfield position in each game. Managers shall make every effort to ensure that all players at the end of the season have an equal number of innings playing in the infield and outfield. Managers shall make every effort to ensure that all players at the end of the season have had an equal number of innings playing all defensive positions. The exceptions are the pitcher, catcher, and 1st base positions which may be limited in the 1st half of the season only due to safety reasons if a player does not yet possess the necessary skill level for those positions. For players identified as safety issues, the Manager should notify the Division Director at the beginning of the season with the names of these individuals; it is FPLL's expectation that by the second half of the regular season, all players will have been developed to at a minimum play the pitcher and 1st base positions. The Division Director will notify all of the opposing managers as to the player and the positions that are deemed safety issues.

Managers must use the FPLL approved rotational matrix to schedule their Defensive and Batting rotations. No substitutions of any kind are permitted at the pitcher position. If an injury occurs during a half of play the remainder of the half inning is to be played coach pitch. This is to ensure the matrix is followed exactly.

No other matrix or “lineup” will be allowed. A copy of this must be given to the opposing Manager and Umpire prior to game time.

Post-Game: Both Teams

At the end of the game, each team shall gather outside their dugout and give a cheer for the opposing team the home team shall line up along the 3rd base line and the visiting team shall line up along the 1st base line. Once both teams are lined up, they shall cross each other at home plate and congratulate the other by either shaking hands or giving “high-fives” in a respectful way.

The families and spectators of each team are responsible for cleaning around their own bleacher area of all trash and personal items.

Visiting Teams

The Visiting Team is responsible for putting the bases away, raking all the dirt on the playing field, reforming and pounding down of the pitcher’s mound, and watering the field dirt.

The Visiting Team is responsible for putting the bases away, raking all the dirt on the playing field, reforming of the pitcher’s mound and pounding it down, and watering down the field dirt.

If the Visiting Team is the last team at the fields for the day, they shall make sure that all storage sheds, score-booths, and fields are locked up and all the trash is taken to the dumpster.

XVI. END-OF-SEASON TOURNAMENT PROCEDURES

All divisions, except for Single A, will participate in an End-of-Season Tournament for their Division. The End-of-Season Tournaments should be used by the teams to demonstrate how much they have come together as a team and developed as baseball players.

Seeding and Format

Seeding for Double-A Divisions’ End-of-Season Tournaments will be determined by a “hat- pick”. Seeding for the Triple-A and Major Divisions End-of-Season Tournaments will be determined by points accumulated based upon regular season win-loss record. Two (2) points will be awarded for a win. For games that end in a tie or due to time restraints cannot be completed to determine a winner, each team will be awarded one (1) point.

Tiebreaker Criteria for Major and Triple-A Divisions

If there is a tie, the following criteria will be used to break the tie and to seed the teams:

Head-to-Head record

Head-to-Head runs allowed (least allowed wins)

Cumulative runs allowed (least allowed wins)

Cumulative runs scored (most wins)

Coin Toss

Tournament Format

Majors and Triple-A Tournaments will be double elimination in format in which each team must lose twice to be eliminated. Major, Triple-A, and Double-A will be scheduled for 6-innings in length (however, the 10-run rule in the Major, Triple-A and Double-A games will be utilized).

Even number of teams in the division

If there is an even number of teams in the division the following format will be used:

1st Round – 1st place team vs. last place team, 2nd place team vs. 2nd to last place team, etc.

2nd Round – winning teams will be placed in the winning teams bracket and losing teams will be placed in the losing teams bracket. Games will continue until teams are left.

Odd number of teams in the division

The team with the best win-loss record in the Majors and Triple-A divisions will receive a 1st round bye. For the Double-A and Single-A divisions, the team awarded the #1 seed via the “hat pick” will receive a 1st round bye.

Tournament Rules

Major Division

- No time limit.
- 1st and 2nd place teams play in the TOCs.
- Minimum play rules per the Green Book.
- Home team shall be the team with the best record.
- Umpires working Major Division playoff games shall not have any relatives playing or coaching in the Major Division.

Any manager, coach, player or parent who is behaving in a manner, which is not in the spirit of Little League in the opinion of the President, may be suspended from the rest of the tournament.

Triple-A Division

- No time limit.
- 1st and 2nd place teams play in the TOCs.
- FPLL minimum play rules of 6 & 1 or 9 & 1 per the Green Book.
- Home team shall be the team with the higher tournament seeding.
- The 5-run rule, with the exception of the last inning, shall be in effect.

Any manager, coach, player or parent who is behaving in a manner, which is not in the spirit of Little League in the opinion of the President, may be suspended from the rest of the tournament.

Continuous batting order in effect.

Double-A Division

- Seeding will be determined by random draw.
- No time limit: 6 inning games unless game tied at end of the 6th.
- Continuous batting order in effect. Managers must submit player rotation and batting order to opposing team prior to start of game (catcher is considered an outfield position). Players may not play an infield or outfield position in consecutive innings. Players may not play the same position more than once in each game.
- Over the course of two games, each player should have played each defensive position. You are NOT allowed to use the same defensive rotation in each game.
- Players get 5 hittable pitches. If a player accumulates 3 strikes (foul ball on 3rd strike counts as a hittable pitch but not the 3rd strike) prior to 5 hittable pitches, they are out. A foul ball on the 5th hittable pitch is treated as a foul ball and the player continues to hit until either swinging and missing or putting the ball in play.

The 5-run rule, with the exception of the last inning, shall be in effect during the tournament. In the last inning (including extra innings if needed), teams are allowed to score as many runs as possible until 3 outs are made or the offensive team has gone through its batting order once (based on the rostered players available at the field on the day of the game).

Upon arriving to the fields, teams may take either dugout. The plate umpire shall do a coin flip once the plate umpire and both managers have arrived at the fields. This shall be done no earlier than 1 hour prior to game time and no later than 15 minutes before game time. The Home team will be the official scorekeeper (teams should communicate between innings to ensure accuracy).

Any manager, coach, player or parent who is behaving in a manner, which is not in the spirit of Little League in the opinion of the President, may be suspended from the rest of the tournament.

Trophies & Awards

Trophies will be provided for teams finishing 1st, 2nd, and 3rd place.

Tournament of Champions (TOC)

The 1st and 2nd place teams, based on the results of the End-of-Season Tournament in the Major and Triple-A Divisions, shall represent FPLL in the District Tournament of Champions (TOCs).

XVII. ALL-STAR POLICY

All rules that pertain to Tournament at any level as outlined by LL Baseball, Inc., either in the Official Regulations & Playing Rules, the Operating Manual or any other official publication will supersede any FPLL policy.

Player Eligibility

A player must have played in at least 60% of the scheduled regular season games to be eligible.

A player must not have entered stage 3 of the disciplinary process or committed any major offenses.

Only eligible players who have completed the below referenced “Post Season Player Information Letter” will be considered. Completion of this form does not guarantee selection to an All Star team.

Manager – Assistant Coach Selection

The FPLL President shall select the Managers and Assistant Coaches for the All-Star teams. All regular season Managers and official Assistant Coaches are eligible to be an All-Star Manager or Assistant Coach. The FPLL President shall ask the Manager their preference for Assistant Coaches, but the FPLL President shall make the final selection.

Teams

FPLL may have up to All-Star teams to be voted on by the board each season.

Player Selection

The All-Star teams are intended to represent the best players available in each age group to represent FPLL in All-Star play. Thirteen (13) players will be selected for each of the three teams. The following format shall be used to select the players for the All-Star teams.

Prior the selection, and approximately 2-4 weeks prior to the end of the regular season, FPLL will provide each eligible player’s family with a questionnaire (“Post Season Player Information Letter”) similar to that shown in Appendix B. This questionnaire will ask the family to provide answers, which in general, will answer the following questions:

Is the player available for All-Star practices?

Is the player available for All-Star games?

If the player is not available, please provide a list of dates when they player is not available.

Participation on the All-Star teams requires a great deal of commitment from the Manager, Coaches, Players and their families. FPLL wants to ensure that the players selected are available so that the team(s) does not find themselves at a disadvantage.

The meeting to select the 12 and 11-year old All-Star teams will have in attendance Major Division Managers, Major Division Director, FPLL President, FPLL Vice-President and the Player Agent. The Majors Division Director will act as the moderator. Only the Major Division Managers will be voting on the players and only they will represent the FPLL Selection Committee ("Committee"). The only exception will be if a Manager knows they will be absent from the meeting; in that case the Manager can assign one of his official Assistant Coaches to take their place. For the purpose of this meeting only the official Assistant Coach taking the place of the Manager will be considered the team's Manager. Once the meeting starts only the individuals identified above will be allowed to stay. There will be no substitutions of team representatives at any point during the meeting. There will be no use of cell phones or any other communication devices during the meeting. All issues discussed at the meeting are to remain confidential and the only statement released from the meeting will be the final rosters for the All-Star teams. This assurance of privacy is important if the individuals in the meeting are to feel comfortable to speak freely about the players.

When the meeting begins the moderator will read the selection process so the Committee is clear as to how the teams are to be selected. The moderator will be the one to officiate any disagreements about the process during the meeting and the moderator and one designated reviewer (the FPLL President, FPLL Vice President, or the Player Agent) will be the only individuals to view the ballots. There will be a piece of chart paper or other visual aid with all of the eligible 12, 11 and 10 and 9-year olds listed in alphabetical order with their age and team designated. As the players are selected their names will be noted on the chart paper or other visual aid by the moderator for everyone to see. Each Manager will be given several ballots with their team's name at the top and ten blank lines. Managers will be allowed to bring their team's scorebook. The moderator may give warnings or remove any Manager for not following the ground rules or acting in an inappropriate way.

The task of the Committee is to select the best team possible to represent FPLL in the All-Star tournament. To that end, the only criteria that should be used in determining which players are selected to the 2011 All-Star team is their performance during the games of the 2011 FPLL baseball season.

The following are some examples of reasons that are not acceptable for selecting a player:

- The player is the child of my neighbor or friend.
- The player had a great season last year or was on the All-Star team last year.
- The player's parents are on the Board and/or are a Manager/Coach.
- The player is a friend of my child.
- If you pick my child, I will pick your child.

The following are some examples of reasons that are unacceptable for not selecting a player:

- I don't like the player's parents.
- I don't like the player.
- I don't like the team that the player played on this year.
- I managed/coached that player before and I didn't like him/her and/or thought that they weren't good.

The Committee is entrusted by FPLL to do what is right. The Committee will be judged based on how fairly they complete their task.

The Selection Process

- At the start of the process of picking the 12-year old team each Manager will be given time to talk about the players on his/her team that he/she feels had a great season and deserve to be on the All-Star team. Other Managers will be free to ask questions.
- After every Manager has had a chance to talk, they will be given a ballot labeled with his/her team's name and with 10 spaces for players' names. They will fill out the ballot with the 10 players they feel should be on the team. Managers cannot vote for anyone on their own team. They are free to consider or ignore the comments the other Managers made. However, no one can make any comments while the voting is taking place and they shall keep their votes private. The Committee will eventually be selecting 13 players for each team; however, for the first ballot we are limiting the names to 10.
- When the Managers are done listing the players on their ballot they will fold the ballots in half and hand them to the moderator. The moderator shall count the votes and ask the designated reviewer to confirm the moderator's count. If a player receives all eligible votes (i.e. if all of the Managers, except that player's Manager who cannot vote them, vote for the player) then they are on the All-Star team on the first ballot. If for some reason there is a team that is not represented then the number of votes needed to be selected will be the number of Managers (excluding the player's Manager) present minus one since the player's own Manager cannot vote for them.
- After the results of the first ballot are posted the Managers will have a short discussion about the results and then we will follow the same process for a second ballot. The Managers will vote for the number of open spots remaining plus one. Managers will still not be able to vote for anyone on their own team.
- If there are still less than 12 players that receive all eligible votes then the managers will have a third ballot and follow the process that they did for the second ballot.
- After the third ballot, if the team is still not complete, the moderator will be allowed to reduce the required eligible votes by one (i.e. all eligible votes minus one).
- Once the 12-year old All-Star team is selected then we will follow the same format for the 11-year old All-Star team.

The Major and Triple-A Managers will follow the same format in selecting the 9 to 10-year old team. 9 and 10-year olds playing in the Major Division will not automatically be on the 9 to 10-year old All-Star team. Because the Managers will most likely not be as familiar with the players outside of their division, the following format will be used to select the 9 to 10-year old roster:

The Major Managers will start by providing their views and perspectives on the 9 to 10-year old player(s) from their respective teams. Triple-A Managers will be in the room for this conversation. Other Major Managers are free to ask questions about the players.

After this discussion has been completed, each Manager will be provided a ballot and ask to list the 9 and 10-year old players they feel are deserving to be on the All-Star team. Managers may not vote for a player from their own team.

Players, who are a unanimous selection after the 1st round from the Major Managers, will be placed on the 9 to 10-Year Old All-Star team.

After the 1st round of voting, Major Managers will be able to discuss the results, the players and ask additional questions.

A 2nd and final round of voting will occur by the Major Managers. The votes required to make the team will be reduced by one.

After this 2nd round of voting, the Major Managers will leave the room and the Triple-A Managers will decide

the remaining roster spots. Any 9 to 10-year old players, who played Majors but were not selected by the Major Managers, are still eligible to be voted on to the 9 to 10-year old team by the Triple A Managers.

The Triple A Managers will follow the same procedure followed for the selection of the 12 and 11-year old teams.

XVIII. TOURNAMENT PLAY POLICY

FPLL hopes to provide other post-season opportunities for FPLL players not selected to one of its All-Star teams. There are many post-Little League season tournaments (“Tournament”) throughout Northern California that provide opportunities for children to play organized baseball in a Tournament environment where they further their baseball skills and compete against other children their age.

The number of Tournaments (and their location) that FPLL will support is unknown and is subject to Board approval.

Player Eligibility

A player must have played in at least 60% of the scheduled regular season games to be eligible.

A player must not have entered stage 3 of the disciplinary process or committed any major offenses.

Only eligible players who have completed the above referenced “Post Season Player Information Letter” will be considered. Completion of this form does not guarantee selection to an All Star team.

Manager – Assistant Coach Selections

The FPLL President shall select the Managers and Assistant Coaches for the Tournament teams. All regular season Managers and official Assistant Coaches are eligible to be a Tournament Manager or Assistant Coach. The FPLL President shall ask the Manager for their preference on Assistant Coaches, but the FPLL President shall make the final selection.

Player Selection

The Manager and Assistant Coaches for the Tournament teams will be responsible for selecting the players for the Tournament team(s). Players will be selected based upon their availability, commitment, and performance during the FPLL season.

FAIRFIELD PACIFIC LITTLE LEAGUE

2017 POST SEASON PLAYER INFORMATION LETTER

Fairfield Pacific Little League (FPLL) Parents and Players:

DISTRICT ALL STAR TEAMS – Teams are voted on by the managers at the end of May/beginning of June and are intended to be the best thirteen (13) players in each age group to represent FPLL in the District, Sections and Divisions tournaments. This involves a large commitment of time as teams may begin practicing in mid-June (after the end of the FPLL tournament or TOCs) and may practice five to seven times per week with games starting in early July on or around the Fourth of July Holiday. Each tournament is a double elimination tournament (if we win, we move on).

To ensure that we have enough players committed to participating in these events, we are asking that you fill out the attached form expressing your interest and commitment to participate should your child be selected (the completion of the form is no guarantee of selection). Once we have compiled a list of interested players/families, FPLL along with the manager/coach for the team will select a team of 13 players to represent FPLL.

UNIFORMS – FPLL will order uniforms for the All-star Players. Please be aware that you are expected to pay for these uniforms, they are not included in our registration fees. Scholarships are available if requested and approved by the Board of Directors.
