

# 2015 Example of Illegal batting Helmets

New in 2015 Little League International has implemented a rule change which makes “Mirror-Like” batting helmets illegal.

## Rule 1.16 CHANGE:

“Helmets must have a non-glare surface and cannot be mirror-like in nature”

Below are examples of the type of batting helmets that are prohibited in all levels of Little League Baseball and Softball. The “chrome” or “mirror-like” finishes are not allowed. **Please do NOT purchase these helmets** or ones like them as they are not allowed for play in any Little League program.
