#3 _____

IMPORTANT: Coaching is the MOST IMPORTANT position within our organization. You have day-to-day contact with our children and have responsibility for both their on- and off-field development as players and people. With this in mind, please describe why you want to be a coach and how you plan to help them succeed both on and off the field. Feel free to attach additional sheets as necessary.

A condition of coaching within PRUYFL is a signed agreement to abide by PRUYFL Coaching Rules, Obligations and Guidelines. Also a background check must be performed before start of practices. PRUYFL will pass along needed info on this at future date.
