

Frisco Fury

Volunteer Field/Game Guide

Items needed for all games:

- (2) Goals
- (10) Orange line markers
- 8 - 12 NOCSAE certified balls (See Picture below)
- Table and (2) Chairs
- Electronic Scoreboard
- Cart

Goal and Equipment locks:

The combination to the lock for the goals is "2022" 2015

The goals must be locked to the light pole at the end of practices or after the last game for the day

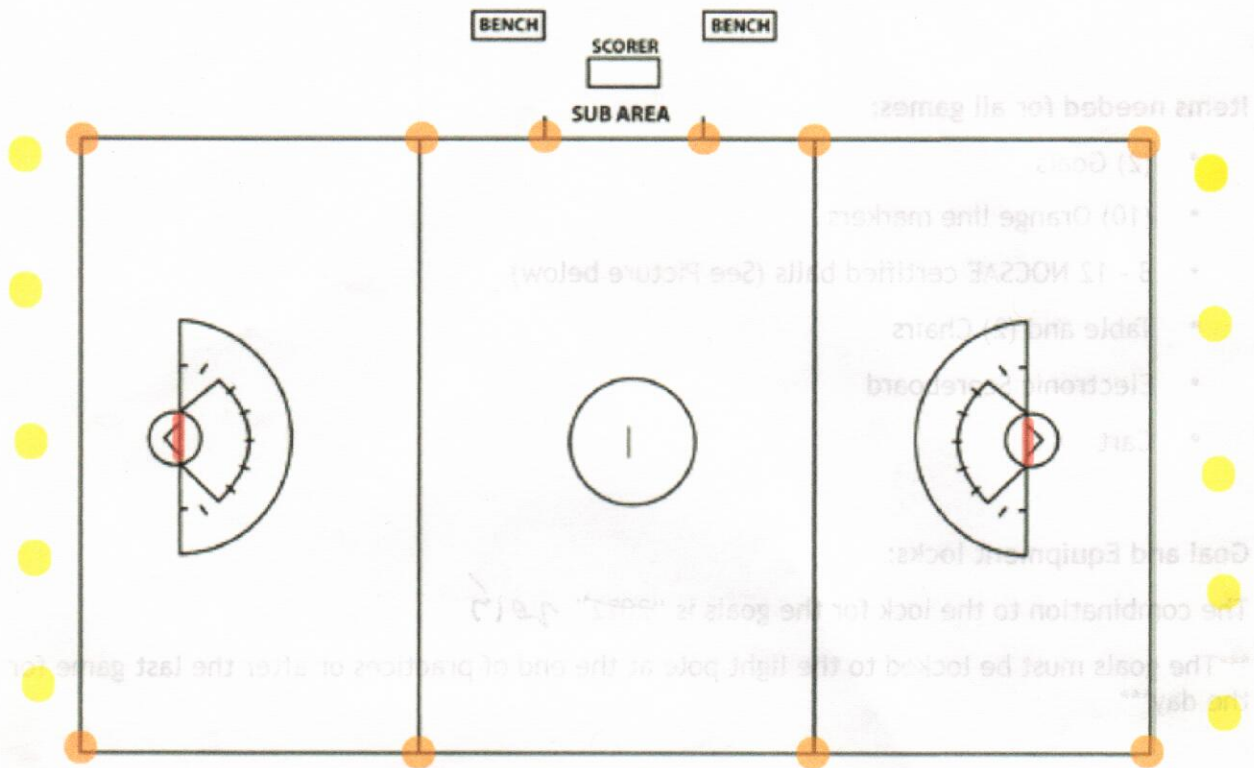

Field setup:

1. Place one goal at either end inside the crease on goal line. **RED LINE**
2. Place Orange line markers at corners, restraining lines, and substitution box. **ORANGE DOTS**
3. Place 4 to 5 NOCSAE certified balls at each end of the field (outside of end line) **YELLOW DOTS**
4. Setup Electronic scoreboard in the scorer box, place weights on sides to stabilize.
5. Setup up table and 2 chairs between sub area and scorer box for trainers and referees. If youth, put your first aid kit and a few ice packs on the table for easy access.

Field breakdown:

- Home team playing the final game of the day is responsible for field breakdown and clean up.
- Collect all equipment and return to shed and ensure it is locked. Return balls to coach.
- Return goals to light pole and cable lock them together (for easy fit and to keep our nets nice, place the two lighter goals on the back of the heavier goals.

- Ensure all trash is picked up from field and placed in trash receptacle.
Please see illustration for details

- Field setup:
1. Place one goal at either end inside the crease on goal line. **RED LINE**
 2. Place Orange line markers at corners, restraining lines, and substitution box. **ORANGE**
 3. Place 4 to 5 NOCSAE certified balls at each end of the field (outside of end line). **YELLOW BALLS**
 4. Setup Electronic scoreboard in the scorer box, place weights on sides to stabilize.
 5. Setup up table and 5 chairs between sub area and scorer box for training and referees.
- If youth, put your first aid kit and a few ice packs on the table.

- Field breakdown:
- Home team playing the final game of the day, clean up.
 - Collect all equipment and return to shed and ensure all equipment is accounted for.
 - Return goals to light pole and cable lock them together. If you have a spare, keep one.
 - If you have a spare, place the two lighter goals on the back of the heavier goal.
