Section 3 Player Tryouts

4. The league's player agent shall compile a list of candidates by name and league age. The final list from the Player Agent will be distributed to all managers prior to the beginning of the draft. This list must be maintained and is the basis for future player pool replacement.
5. The player agent will inform all eligible candidates in writing the dates and times, and the importance of attending the tryouts.
6. The league will hold tryouts in which the player candidates must attend one of the tryouts. If a player candidate does not attend any session of the tryouts and is under 12 years old, the player will not be eligible to play in Upper Majors.
7. During the tryout there will be five areas in which the player will be judged. These areas are Batting/ bunting, Fielding fly balls, Fielding ground balls, Throwing, Running.

Section 4 League Drafts

1. After the completion of the last tryout session, the draft will be held.
2. Prior to the initial draft the managers of all teams in a division will determine by majority vote which players are eligible for the draft based on the player's tryout performance. The number of players eligible for the draft will be equal to the number of the players needed to ensure all teams have equal number of players.
3. The team placing last in the previous year's regular season will have the first pick of the draft. The draft will follow the reverse order of regular season placement (the first place team will choose last).
4. In the event of expansion, the expansion team(s) will have the number of picks equal to the number of players on the team with the least number of returning players from the previous season, with a maximum of four. The expansion team will have first pick when the draft begins.

Example: If there are three returning teams with the following number of returning players and placement: Team A has 3 and came in first place, Team B has 4 and came in second place, Team C has 5 and came in third place, the expansion team will have 3 continuous picks. When the draft begins with the rest of the teams the expansion team will have first pick followed by Team C, Team B, Team A, and return to the expansion team. Teams will draft players until they have a full roster with equal number of players.

- A. If there is more than one expansion team in a division the expansion team managers will draw from a hat to determine which team will choose first, the expansion teams will alternate picks until the maximum choice is met before the regular draft begins.
5. Draft options- Sons, Daughters, and Siblings. If a manager chooses one of these options, it must be submitted in writing to the Player Agent prior to the start of the draft in order to allow the announcement of intentions to all managers. Except the first option:
 - a. Brothers/Sisters in the draft. - When there are two or more siblings in the draft and the first brother or sister is drafted by a manager, that manager automatically rosters the sibling in or before the last round, as long as the sibling was elected into the eligible draft pool.
 - i) In the event that a manager wants to draft a sibling, the manager must have enough open roster position to accommodate all eligible siblings.
 - b. Brothers/Sister of players currently on the team-if the player candidates' brother or sister is a member of a manager's team. The manager must draft the sibling within the first 3 draft selections if the sibling was elected into the eligible draft pool.
 - c. Sons/Daughters of Managers- if a manager has sons and/or daughters eligible under Regulation II for the draft, and wishes to draft them, he/she must submit the option in writing. If so stated, the parent/manager is required to exercise the option at or before the close of the specific draft round, depending on the Little League Age of sons and/or daughters. Twelve year olds and ten year olds must be drafted by the third round; eleven and nine year olds must be drafted by the fourth round. Sons/Daughters of Manager option takes priority over any other option. NOTE: These provisions also apply for managers having eligible brothers or sisters in the draft.
 - d. Sons/Daughters of Coaches: A NEW coach shall not be appointed nor approved until after the draft to avoid "red shirting" of players through selective coaching appointments. A returning coach, through the manager, may exercise an option in writing to the Player Agent, provided:
 - i) The coach has served as a manager or coach in the league (at any level) for the past 2 years AND
 - ii) The coach is returning to the same team as last year.

IMPORTANT: In order for a manager to exercise this option, the coach must qualify under BOTH of these conditions.
6. Special Considerations which apply
 - a. If a manager so chooses, the option on son/daughter may be waived and passed on forever.
 - b. In the event the parent becomes a manager in another league, that parent may not claim the son or daughter.

- c. Players are eligible only in the league whose boundaries include the parent/manager's home residence (as defined by Little League) or the physical location of the school where the player attends.
 - d. When a vacancy occurs during the playing season, the player selected to fill the vacancy becomes a permanent member of that team, governed by the same regulations as all members of the team selected in the draft.
 - e. Parents of players who become managers or coaches after their children have been selected to a team may not automatically claim their sons or daughters, but may trade for them at the proper time,
7. Trading Players – Following the draft, managers may, if they desire trade players until 14 days after the first scheduled game. All trades shall be made through the Player Agent with justifiable reasons and be approved by the Player Agent, President, and managers from both teams and the player's parent/guardian. All trades must be on a one for one player basis, and player-for-draft-choice trades are not allowed.
8. Finalizing Rosters:
- a. The player agent will finalize and submit the team rosters to Little League International, Williamsport PA.
 - b. Prior to submitting rosters, the Player Agent will provide each manager a copy of the roster for review and correct, as necessary. Each manager will provide the Player Agent any corrections within 48 hours of receiving the roster. If no corrections are required, the manager will contact the Player Agent and convey that no corrections are required within the same 48-hour period.
9. Release and Replacement of Players – if at any time during the season a player is released from their team and a replacement is required, the manager of that team is to contact the Player Agent. The Player Agent is to advise the President and the Board. If the release is approved, the President will send a letter of release to the player and parents that the player has been released from their team and league for a justifiable reason. The manager and Player Agent will review the list of available players, which the manager will choose their replacement from.
- a. Reasons for release-which requires a letter form the parent/player
 - i) Player moves to another city or state
 - ii) Personal reasons
 - iii) Injury
 - (1) Note: with a season ending injury release and the player has remaining eligibility they will only be released from the team for the remainder of that season. This allows the team to fill their roster and allows the injured player to return the following year. In this case both players remain on the roster the following year.
 - iv) Absenteeism / disciplinary
 - v) Any other justifiable reason reviewed and approved by the Board of Directors.

The Board of Directors will request the use of these fields and will be added to the available places to practice.
 - b. The schedule for practice on game day is as follows: one hour prior to the scheduled time of the game the visiting team will have 20 minutes of batting practice, followed by 20 minutes for the home team, the visiting team will then have 10 minutes of fielding followed by 10 minutes for the home team. In the event the visiting team is not ready and the home team is practice times can be switched.

 - b. The dugouts and grounds surrounding the field are cleaned and garbage free.
 - c. The home team is responsible for raking the fields following the completion of every game; the visiting team is responsible for bringing the bases in/out and emptying the trashcans on each side of the field. Failure to follow this rule will result in the team Manager not being able to participate in the team's next game.
8. Mandatory Playing Time - In accordance with the requirements of Little League International, each player on all league teams must play a minimum of six defensive outs and bat at least one time in each game. Exceptions are if a player is absent, injured, or being disciplined by the manager. If disciplined the Player Agent and President must be advised. Cancellations need to be made two and half hours before scheduled start times for games with a paid umpire. Once the game has started the home plate umpire has complete control on whether the game is played, called, or suspended.
 - b. If a game is suspended or postponed, the game will be rescheduled on the next available field on the next available day. Weekends will be included as an available day of play if regular season schedule includes weekends as game days.

- c. If a game is suspended the game will be continued prior to the next scheduled game between those two teams. If they do not have another scheduled game they will resume play on the next available day if necessary.
 - d. If a manager knows in advance that they will be unable to field a team for a particular game, they must notify the opposing manager and the league President no less than 24 hours prior to the schedule start time of the game.
