

NCJLA correspondence:

There are challenges with getting teams and refs to confirm games.

Spring:

BOYS

U8: first game boys: 11 kids team is good.

New kids are coming to play. They need a US lacrosse membership. Boys team in need of an assistant coach

U12: Everything is fine.

U14: Success in games

GIRLS

U8-U14:

All teams are doing well.

Summer:

BOYS

Joey will be here all summer long. He would like to do the summer camp. We need to ask Joey on a few dates that would work for his schedule. It is always great to get the high school kids to help.

GIRLS

Suzanne would like to try an evening camp during the last week in June. The time would be about 5-7:30. (June 26-29)

Spring Clinic:

Sunday, June 4 at the high school.
Sticks: ask Joey.

Travel:

*Travel for the summer: There are not any JV kids signed up. Terry has a list of people who signed up. There are possibly 6 or 7 players.
Pull the plug on it.

More Teams:

*Dan Russo's idea is still a go.
He does not get any money from DLA

Mark suggested that he should confirm that there are slots available in the tournaments before confirming anything to the parents.

*Dylan wants to make a U 12 and U 14 team for the summer. He feels like they could be an A team--select. He is in Puerto Rico and will be back soon. More information will be given when he gets back to the states.

Fields:

The school district fields are working out fine.

Playfields: Reminder that the soccer goals have to be on wheels at all times when moving. It beats up on the turf.

Video:

Huddle : The high school uses Huddle for football. Joey thinks he could piggy back on to the high school and use it for lacrosse.

*Tell Joey that the board does not approve of the purchase of the video/ huddle.

Combination Locks:

For the goals: They should be switched to number and not a key. The goal locks need a long cable to go around the goal. We need about four of them.

End of the Season Crossover Game:

Some suggestions: DLA crossover game for three hours one day. Little players get to see the older kids play.

Ask Nick and Jenn if this is something they want to participate in or just invite the high school to the games. This would happen after the playoffs—June 3

Other:

Jeff Lawrence: DLA used to pay the fees. The schools will pay for the ref fees now. Refunds given

to the participants who have paid-- \$100.00 The cost of the high school program will go down.

Treasurer meeting: Steve, Jerry, and Jen will go to the meeting. Set up a meeting with the treasurer to go over expenses.
