

Free heart screenings for young people

Many children are healthy, yet a small percentage have hidden heart defects that put their lives at risk, especially during physical exertion. Providence Heart and Vascular Institute provides a painless, noninvasive screening to check the heart health of young people 12 to 18 years of age. The free screening includes:

- Electrocardiogram (EKG)
- Heart health questionnaire
- Blood pressure reading
- Echocardiogram, if needed

Screening locations:

- **West Portland**
Providence St. Vincent Medical Center
9205 SW Barnes Road, West Pavilion
- **East Portland**
Providence Heart Clinic at The Oregon Clinic-Gateway
1111 NE 99th Ave., Suite 201

To schedule an appointment,
call 503-216-6800 or visit
