

## Salem Youth Soccer Association Hardship Grant Policy

Salem Youth Soccer allocates funds yearly towards players whose families do not have the financial ability to pay their children's registration fees. These families will be requested to volunteer in order to qualify for this hardship. We also ask that these families carefully consider their inability to pay these fees as the monies allocated are limited and should go to the neediest of children. Should the parents find themselves in a better financial situation in the future, Salem Youth Soccer Association would appreciate a donation to help other needy families
