www.kellysfourplus.com

Kelly's Four Plus™ Granola starts with *four* basic ingredients: 100% whole grain oats, expeller-pressed canola oil, honey, and maple syrup. From there, we add different ingredients including nuts, dried fruits, and dark chocolate to make each flavor unique. Our goal is to deliver you a fresh, simple, delicious, and healthy snack that you can eat anytime. It's granola the way you like it!

*All of our granola is **gluten free** and **non-GMO**.*

DID YOU KNOW? Kelly's Four Plus™ Granola got its start at New Canaan Crew and Maritime Rowing Club where the Kelly boys learned to row, later coached, and continue to train. Cordy Kelly sent her homemade granola to regattas and was soon fielding questions from parents and rowers who wanted to buy their own supply. From the first sales out of our boathouse, Kelly's remains not only great energy and recovery food for athletes, but also a granola for anybody who wants a healthy snack!
