Since 1983, the Stamford Youth Hockey Association has participated in a unique international exchange program with a Swedish youth hockey team. Unlike a typical student exchange program, the “Swedish Exchange Program” has involved hundreds of 13 and 14 year old hockey players and their families from Stamford, Connecticut and Sweden.

In February 2011, members of the Stamford Youth Hockey Bantam Teams as well as their families traveled to Sweden to continue this exciting cultural exchange with a team from Lidingö, Sweden. In February of 2012 we will be hosting the Lidingö Vikings team here in Stamford. While participating in several hockey games and other events throughout the area, the team members will experience a cultural and sporting exchange with memories that will last a lifetime.

As you might imagine, the costs of participating in the Swedish Exchange Program are quite high. All members of the Bantam teams are hard at work raising money to help defray these costs, but we need your support to help meet our overall financial goal. On Friday, February 10, we will host a comedy night fundraiser to help defray the expenses of this trip. By donating a silent auction item to this event you can be a part of the tradition and experience of the Stamford Youth Hockey Swedish Exchange Program.

Thank you in advance for your generous donation,

Swedish Exchange Committee

Please note that the Stamford Youth Hockey League and the Swedish Exchange Program are non-profit organizations that are tax-exempt with respect to donations.
