

League Commissioner

Description:

For the 2010 Webster Girls Softball season there will be commissioners assigned for each league: Little Sluggers, Mini-Minors, Minors, Majors, and Seniors. The purpose of the league commissioner is for each league to have a representative for coaches to approach regarding league rules, format, and any issues that may arise during the season. In addition, the league commissioners at the end of the season will present to the WAA Softball Board of Directors suggestions, format or rules changes, and any other items that may improve the league they represent. The intent of the league commissioners is not to replace the “Officer of the Day”. The “Officer of the Day” is a representative from the Board who will be at the fields each night to handle any questions and or issues. The goal is to assign a commissioner who is already a coach for one of the teams in each perspective league.
