

New Fairfield Soccer Club Coach and Player Injury Policy

Adopted 08/06/2007

Revised 00/00/200_

As part of each participant's registration fee, Insurance is provided for both coaches and players during practices and games. This insurance is intended to be supplemental to the injured person's primary insurance policy. Once the primary insurance company has been billed and made payment, the insurance policy held by the Connecticut Junior Soccer Association will be billed less a \$100.00 deductible.

In the event of an injury on the field, where either a child or coach needs to seek additional medical help either from a private physician or at a hospital and injury report must be completed within 24 hours of the accident. Forms can be found at nwsoccer.net under the forms section titled notification of injury. This form should be completed by the coach in charge of the team and faxed immediately to the club President. The fax number for the club President is 203-746-2541. The coach should also notify the President via email or a phone call of any follow-up needed for the injured player. At that point the President will review the document, sign it and submit to the Northwest District who in turn will review the information and forward it to the Connecticut Junior Soccer Association.

Any claims by the injured party should be submitted to the club President via fax or email at 203-746-2541.
