NYA Winter Workouts

Workouts have been booked with the NYA and are also booked with the division directors.

Includes Yale and Memoli clinics.

Combined 13-15 age groups.

Easter Sunday is available.

Field Breakdowns

Fields are broken down. There was a very nice turnout.

Field boxes only contain bases or some tools. All other gear is stored at Glander.

We may need some new catcher's equipment.

We will need baseballs. We may be changing how many balls are allocated per team based on where the team plays because some fields are more prone to losing baseballs than others.

Andy will do another walkthrough of every field to make sure everything is done.

Umpire Logs

Umpire logs must be turned in to Craig.

In addition to expense reimbursement, NBR needs to produce 1099s.

2015 Division Directors, Cal Ripken Director, Babe Ruth Director

All director positions have been filled and can be found on the NBR web site.

Matt Barnes Clinic

Everything is set. There may be additional baseball stars in attendance.

Apparel Sale

NBR wants to hold an apparel sale at the clinics so an order with Iovino Bros is due.

Yale Clinic

Yale clinic is set for January 24th. All those attending must be registered with NBR, so we may open registration early.

Ages 8 to 10.

Memoli Clinic

March 6th.

Picture Day

May 14th. We are trying to avoid conflicts with Communion.

Time is booked at the Middle School.

2016 Spring Registration

Will likely open early this year – maybe December 20th.

13-year-old tryouts

We may try to provide winter workouts for 13-year-olds.

Chris Petersen may take on responsibility.

[Long discussion about how to run tryouts/workouts over winter.]

Division Director Reports

[Mostly positive reports from division directors in attendance.]
