

Request for Non-Profit Club Sponsorship

Granite Bay Youth Lacrosse is an established 5 year old non-profit club dedicated to providing positive athletic opportunities for young men & women in and around Granite Bay, California.

The club goal is to assist youth players in learning and enjoying the sport of Lacrosse both developmentally and competitively. The Granite Bay Youth Lacrosse Club (GBYL) offers teams for boys & girls from 7 to 14 years of age. Member base currently includes over 120 players, involving approximately 450 area residents in the workings of the club.

After "graduating" from GBYL Club, players then feed into the state accredited Granite Bay High Varsity & Junior Varsity Girls & Boys School Lacrosse teams. *(In the past two years, since CIF accreditation, the related Varsity High School team has been ranked among the top ten clubs in California.)*

GBYL is a member of the Northern California Junior Lacrosse Association. Games are scheduled and played at local fields (including Granite Bay High School) and on fields in the Sacramento & San Francisco Bay areas.

GBYL has developed a great program for the 2009 season with a strong schedule of games. It is an exciting time for area lacrosse, and a time of much national growth & area interest in the sport. **We invite you to share the excitement, by becoming a Granite Bay Youth Lacrosse Sponsor today.**

In 2009, a contribution of \$ 250 entitles you or your group/business to;

Linked inclusion on the popular Granite Bay Lacrosse website Gblax.org for approximately one year (till February of 2010). Since the web site's creation a few months ago, the web site has received over 14,000 "hits". Check it out! It is a "go to" site for all area Lacrosse inquiries.

Your company logo will be included in the popular Granite Bay Lacrosse annual fundraiser hand out "program" that will given to approximately 320 area attendees representing the Youth Club and Granite Bay High School on Sat, March 28, 2009.

We hope that you will join our distinguished group of sponsors in supporting this excellent sports alternative for area kids. The Club depends on parental and community support for operation, equipment, service needs and the growth of area (youth) lacrosse.
