Absent: None

Opening: minutes approved: Dan; seconded: Joe

Fall Update: Rich reported that the team raced and that while the boats did not finish high up in the standings, he noted that it was the first race and that it was on a 3-mile course – longer than they are used to and longer than their practice course. A discussion ensued about the fall season. Tony noted that over the years we have tried many different formations for the fall – practice 6-day per week, two different squads – one for recreational rowers, and one for more serious rowers. The group agreed that whatever the plan for fall 2013, the club needs to ensure it clearly communicates the goals of the fall season.

AED Update: Joe contacted Leanne Parry, who provided him with a vendor, and agreed to create a protocol for us to use. Joe will look into leasing or buying.

Fundraising: Brian Litten agreed to be on the committee; Tony will call Lori Palko about joining. Discussed Pam Regan's proposal to host a wine tasting/Gallery viewing in Philly. Elizabeth suggested offering it as a "thank you" event to \$100 and up sponsors. Email discussion to ensure. Kathy Z agreed to host a MRC social, like the Tsao's lovely event last year. Tony advanced the idea of a New Year's Day race, which the board agreed to try this year; Tony will help this effort with help from Tom.

Equipment: Opportunity to purchase LaSalle Wake-less launch. Harry will email board with info and we will decide via email on the purchase.

Winter Practice Facility: Jane said Jeff will confirm the Jo Anns location by mid-Oct.
