

# Dual Roster Policy

REVISED: – January 1, 2019

- 1) Current Sharks:
  - a) If a current Sharks player wishes to dual roster with the Sharks being their primary team, a formal request must be made to the Sharks team coach, Program Director and/or President for approval. Approval will be contingent on the player committing to prioritize Sharks games, practices, tournaments and other team events in the event of a scheduling conflict with the secondary team.
  - b) If the Sharks is designated as the player's secondary team, they need to make their intentions known at the time of their tryout by so indicating where provided in the tryout registration documents and approval must be provided by the Sharks team coach, Program Director and/or President. The Sharks reserve the right to not extend an invitation to the player until after the initial commitment period ends. Priority in team selection will be given to non-dual roster players or dual roster players who have designated the Sharks as their primary team.
- 2) New Players:
  - a) If a player who has not played for the Sharks in the most recent season wishes to dual roster, they need to make their intentions known at the time of their tryout by so indicating where provided in the tryout registration documents.
  - b) If the Sharks is designated as the player's primary team, approval must be provided by the Sharks team coach, Program Director and/or or President prior to a team invitation being sent and approval will be contingent on the player committing to give priority to Sharks games, practices, tournaments and other team events in the event of a scheduling conflict with the secondary team. The parent of the player shall be responsible for communicating to the secondary team that the player has designated the Sharks team as their primary team.
  - c) If the Sharks is designated as the player's secondary team, they need to make their intentions known at the time of their tryout by so indicating where provided in the tryout registration documents and approval must be provided by the Sharks team coach, Program Director and/or President. The Sharks reserve the right to not extend an invitation to the player until after the initial commitment period ends. Priority in team selection will be given to non-dual roster players or dual roster players who have designated the Sharks as their primary team.
- 3) Goalies:
  - a) All goalies participating in the Sharks Goalie training program must agree to give priority to all Sharks games, practices, tournaments and training sessions. Participation on a second team (boys) is allowed but in no circumstance will priority be given to participation on that second team when a Sharks event is scheduled. If additional Sharks events are added to the schedule that conflict with a commitment to the second team, the player must immediately provide notice to the Sharks team coach.
- 4) High School Players
  - a) All players who intend to play for their High School team must notify the coach prior to the season. High School players are exempt from the Dual Roster policy. Once secondary school players join their school teams, their eligibility to continue with the Sharks shall be determined by their secondary school's athletic governing body. The Sharks allow High School players to continue playing with their age specific Sharks team.

NOTE: The Sharks reserve the right to modify the above in the event of unforeseen circumstances.
