

HOST FAMILIES NEEDED FOR THE 2009-2010 HOCKEY SEASON

The New Jersey Kings Junior Hockey Program is looking for host families for the 2009-2010 season. The Kings program is going to have several players from "away" this coming season and we need places for them to sleep! Every player who is billeted in an area home pays a \$350.00 per month fee to the host family to help with room and board. This is a great opportunity to enrich your home life and help out the Kings organization.

Players will be arriving around the middle of August 2009, and will be here until the 3rd weekend in March, 2010. If you have a youth hockey player in your family, or not, a spare bedroom, and a love for hockey, then why not be a host family? Players are expected to help out around the house with some daily chores, be in by curfew during the week and on weekends, and enrich the home of the host family.

The Kings are also looking for a volunteer to be a Host family Coordinator for the season.

If you have some spare time and would like to join the Kings team in this capacity, please call Glenn at 207-333-1208 so we can discuss the position. This person would be responsible for supporting the host families and making sure the both the families and the players are meeting their responsibilities. They will also be responsible for assisting in finding suitable homes for the Kings players, and to help match up players and host families.

Call Glenn at 207-333-1208 or 732-940-6800 x14 for more information.
